U.S. Dares Russians: 'Let People Listen'

President's Talk Will Be Beamed Around World

...IN 39 LANGUAGES

Washington (AP) — The White House Tuesday urged the Kremlin to let the Russian people listen to broadcasts of President Eisenhower's report Wednesday evening on collapse of the Summit conference.

Press Secretary James C. Hagerty, who said he was making the appeal through American newsmen, also voiced hope that Soviet Union newspapers will carry full accounts of the President's address on television and radio.

Eisenhower is scheduled to speak from his White House office for 30 minutes starting at 8 p.m. (EDT) (6 p.m CST).

In this country, the address will be carried live by CBS and ABC TV networks and by all major radio networks. NBC-TV will have a rebroadcast at 10 p.m. (EDT).

The government's Voice of America radio plans to beam the talk around the world in English and 38 other languages, including Russian.

Eisenhower will assess the Summit wreckage and also deal with the future goals of the United States and free world nations in the light of the Paris debacle.

"Have A Right To Hear"

Hagerty said the White House "hopes that the Soviet government will permit the Soviet people to hear and will not jam" the Voice of America broadcasts.

"The Russian people, as well as the people of the free world have a right to hear it," Hagerty said.

He added that broadcasts beamed to the Soviet Union will be in Russian, English and 6 other languages which the people of Russia speak—Ukrainian, Georgian, Armenian, Latvian, Estonian and Lithuanian.

VOA will carry the President's remarks live in English. Translations of the address will be broadcast later, at various times, in 38 other languages.

The broadcasts to the Soviet Union, for example, will be beamed there at times likely to attract maximum audiences.

U.N. Debate Jammed

As to whether the Kremlin will jam the broadcasts to the Soviet Union, Hagerty said there already has been jamming of VOA broadcasts of proceedings before the United Nations Security Council. The Council is debating a Soviet resolution calling for condemnation of the American U2 spy plane episode.

The English broadcast of the start of the proceedings Monday went through to the Soviet Union all right, Hagerty reported. But he added that the Soviets jammed part of the Russian language remarks of their own foreign minister, Andrei Gromyko, and all of the translation into Russian of remarks by Ambassador Henry Cabot Lodge, chief of the U.S. delegation to the U.N.

City Park Levy Is Being Sought

...$165,000 In Improvements

By Virgil Falloon

The City Park and Recreatoin Board Tuesday requested that a one-mill tax be levied by the City Council to provide an estimated $165,000 for capital improvements for the park system during the 1960-61 fiscal year.

In a unanimously-adopted resolution, the Park Board said a "very serious need for park improvements remains" despite the failure of the proposed $3.25 million park bond issue to win majority approval of the Lincoln voters.

Park Supt. James Ager said the proposed 1960-61 program would provide "the most critically-needed items" in long-range capital improvements planning.

At the rate of one mill, it will require 20 years to provide the park improvements that would have been possible within 3 years under the defeated bond issue.

Hike Expenditures

However, the Park Board said the need for park improvements will never be fulfilled on the basis of the current year's capital expenditures appropriation of approximately $30,000 or the equivalent of two-tenths of a mill.

The proposed one-mill levy would represent an increase of only eight-tenths of a mill or approximately one-half of the tax burden requested in the recent 20-year bond issue proposal.

While the bond issue failed to win majority approval in the May election, the Board expressed belief the vote wasn't an expression of lack of support for parks for several reasons.

20-Year Levy

The bonds would have required an annual levy of 1.55 mills for 20 years and involved substantial amounts of interest; a switch of 7.5% of the negative vote would have given approval; and important areas of public misunderstanding contributed to the negative vote.

Several members suggested a revised bond issue by resubmitted yet this year, but board majority favored the proposed one-mill plan for the coming fiscal year.

Board discussion expressed hope this level of new capital improvements could be provided each year until the long-range program could be speeded-up by a bond issue approved in the near future.

Ager said half of the recommended $164,000 program would be for the development of Lincoln's 3 newest parks—Northeast Park (formerly Bethany Playground), Bishop Casey Park and Woods Park.

Because of Confusion

The re-naming action to Northeast Park was taken because of name confusion between Bethany Playground (67th and Baldwin and adjoining Robin Mickle School) and Bethany Park.

The board agreed with Ager that the recommended park

(Continued on Page 2, Col. 4.)

Rotarians May Buy 50-Acre Park Area

The Lincoln Rotary Club is considering the acquisition and initial development of a 50-acre park near 70th and A for Lincoln as a possible club project.

Dr. Steven N. Watkins told the City Park and Recreation Board that if the project is selected, the club would spearhead fund-raising efforts to purchase the needed land.

"It's not an impossible project," Dr. Watkins said, "and it is being considered."

Dr. Watkins, who is superintendent of schools and a park board member, said the 40 or 50 acre tract would be purchased from the present 137-acre holding of the Board of Education.

Would Be Held

Remainder of the school land (purchased several years ago as surplus Veterans Hospital land) would be held for a future East Lincoln high school site and development of a high school athletic field with parking.

Under suggested overall planning, the proposed 50-acre park development would be tied in with the school's athletic grounds for maximum public benefit.

Dr. Watkins said the land would be sold for park purposes at actual cost, about $1,033 per acre.

He estimated a $75,000 fund drive would provide enough money over land cost for some development of the potential park.

The Park Board expressed enthusiasm for the possible Rotary Club project and gave informal approval.

Planning for the school-park development would be similar to that successfully completed for the combined Robin Mickle School-Northeast Park by the city and school board.

The Park Board agreed planning and land acquisition should start now and well ahead of residential encroachment that might present another Antelope Creek dam situation.

The Weather

NEBRASKA: Partly cloudy and cooler Wednesday with showers and thunderstorms east and scattered elsewhere. Highs 70s west and north to lower 80s southeast.

KANSAS: Partly cloudy with showers and thunderstorms ending over the east Wednesday and Wednesday night. Cooler in the east and south. Highs 70 northwest to upper 80s southeast.

—$5 BILLION MEASURE—

Senate OK's Big Ag Bill

Washington (UPI) — The Senate Tuesday approved a $5,000,000,000 farm money bill, about $67,000,000 more than voted by the House but some $130,000,000 less than President Eisenhower requested.

The vote on passage was 74-1 with Sen. Prescott Bush (R-Conn.) casting the sole dissenting ballot.

Bush said his vote was a "protest" against the "refusal of this and other Democratic-controlled congresses to co-operate with President Eisenhower and Secretary of Agriculture Benson in the enactment of a farm program which makes sense."

He said Connecticut voters were becoming "increasingly outraged" by the failure of Congress to solve the farm problem and end a "wasteful program which doesn't work and never will."

Annual Try Downed

The final vote came after the Senate defeated by voice vote an annual effort by Sen. John J. Williams (R-Del.) to trim spending for the Agricultural Conservation payment program.

Williams, who tried to cut the funds from $250,000,000 down to $100,000,000, argued that the National Agriculture Limestone Institute was the "strongest supporter" of the program.

He said it was "hunting customers" under the program that provides government payments for soil improvement practices, including fertilization.

Watershed Support

The Senate approved one amendment offered by Sen. Robert S. Kerr (D-Okla.) to boost from $32,000,000 to $37,000,000 federal contributions for watershed projects.

Also defeated were 3 amendments by Sen. Hubert H. Humphrey (D-Minn.) which would have added $3,000,000 to brucellosis eradication programs; $750,000 to boost funds for technical soil conservation service aid to farmers and $25,000,000 to boost school lunch funds.

A Senate-House conference committee is expected to be named to iron out differences in the House and Senate bills.

Past Losses

About $1,200,000,000 of the spending total would go to pay past price support losses. Another $1,400,000,000 was earmarked for other Commodity Credit Corporation expenses, including wheat export subsidies and "Food for Peace" exports to underdeveloped countries.

The Senate added $20,000,000 to the House figure for Rural Electrification Administration contingencies.

Another $26,000,000 was procided to continue seed and poultry inspection, which was knocked out of the House measure on a technicality. The Senate also added $25,000,000 for payments under the soil bank program.

Nixon Has It Clinched

He Exceeds Needed Delegates Majority

Washington (AP)—Vice President Nixon Tuesday passed the majority mark needed for the Republican presidential nomination.

A Tennessee state convention instructed 28 national convention delegates for Nixon. The vice president was unopposed for 26 more in Tuesday's Florida primary.

The two delegations jumped his unofficial total to 686 with only 666 needed to nominate.

The figures are based on primary and state convention actions plus Associated Press polls of otherwise uncommitted delegates.

The Republicans have now chosen 840 of their 1,331 delegates, counting those in Florida and Tennessee.

The Others

The remaining GOP delegates so far chosen line up this way: Sen. Barry Goldwater (R-Ariz) 29 (Ariz. 14, Idaho 2, S.C. 13) and Gov. Nelson A. Rockefeller of New York 1 (Ark.), and uncommitted 124.

Nixon's delegates, pledged and favorable, are spread over 29 states and the District of Columbia and Virgin Islands.

With Sen. George Smathers (D-Fla) picking up 29 favorite son votes in Florida's Democratic primary Tuesday, the unofficial standing in delegate votes for the Democratic presidential nomination stood:

Sen. John F. Kennedy of Massachusetts 330½, Sen. Lyndon B. Johnson of Texas 111, Sen. Stuart Symington of Missouri 60, Sen. Hubert H. Humphrey of Minnesota 51½, Adlai E. Stevenson 16, others 146½, uncommitted 272½—total 988 out of a national convention total of 1,521.

It will take 761 to nominate for the Democrats.

Compact On Big Blue OKd

Washington (AP) — The Senate sent to President Eisenhower Tuesday a bill granting the consent of Congress to Nebraska and Kansas entering into a compact for equitable apportionment of the waters of the Big Blue River and its tributaries.

The Senate completed legislative action on the measure by accepting a House amendment to an original Senate bill.

The amendment provides that the federal representative to sit in on the compact negotiations shall be an employe of a U.S. department or agency.

Once the compact has been worked out, it must be ratified by the legislatures of the two states and Congress before it can take effect.

8 Collegians To Work With Welfare Program

By Betty Person

The State Division of Public Welfare Tuesday announced the names of 8 Nebraska college students who will participate in its new summer work program for young people interested in social work as a possible career.

Frank Woods, Public Welfare director, said the young people have qualified for their positions by passing state merit system examinations and will work for 3 months in either a county division of public welfare or in one of the state institutions providing care for children.

They will be under the direct supervision of the county director or institution superintendent, with technical supervision provided by the state office of child welfare, and will be classified as social workers-in-training, Woods said.

Successful Elsewhere

"This program, which in Nebraska will be financed by federal child welfare funds, has been used successfully in several other states to give young persons an understanding of the purpose and function of public welfare and to assist them in making decisions about their careers," Woods said.

Four of the students are from Union College, two from the University of Nebraska, and one each from Nebraska Wesleyan University and Dana College at Blair.

The students and their work assignments:

Muriel Olson of Axtell, University of Nebraska, assigned to the Washington County Division of Public Welfare.

Jeanene Barnett of Panama City, Panama, University of Nebraska, assigned to the Beatrice State Home.

Erwin Horels of Omaha, Dana College, assigned to Sarpy County Division of Public Welfare.

Brenda Humphrey of Imperial, Nebraska Wesleyan University, assigned to Frontier County Division of Public Welfare.

Edward Lamb of Cedar Lake, Mich., Union College, assigned to Hall County Division of Public Welfare.

Patricia Gustin of Shelton, Union College, assigned to Buffalo County Division of Public Welfare.

Sharon Chatfield of Crowell, Tex., Union College, assigned to Brown County Division of Public Welfare.

Natalie Deming of Lincoln, Union College, who will work at the Girls Training School at Geneva.

A mail truck lies half-buried in the shambles of a residential area in Hilo, Hawaii, after tidal waves ripped into the community.

Berserk Nature Still Razing South Chile

. . . 1,000 DEAD, 2 MILLION HOMELESS

By The Associated Press

Tidal waves and earthquakes Tuesday ravaged anew the battered Chilean coast, sending the death toll for a 4-day period to more than 1,106. The sea alone claimed some 600 lives.

Whole villages in Southern Chile were swept away. Close to two million people — about 65% of the population of 11 southern provinces — were reported homeless.

An 8-foot tidal wave lashed the U.S. -administered island of Okinawa south of Japan, leaving 3 dead and 1,000 homes flooded.

Formosa and the Philippines reported some damage from giant waves along their Pacific coastline.

Surging tides struck Hong Kong but their strength was spent. Only minor damage was reported in French islands in the South Pacific, New Zealand and Australia.

180 Die

The island nation of Japan counted at least 180 persons dead and nearly 850 injured as it dug out of debris left by giant tidal waves in the western Pacific.

The Chilean earthquakes sent the walls of water smashing Japanese coastal areas, where 150,000 persons were reported homeless. At least 10 communities were inundated by 20-foot high waves.

In Washington, the Small Business Administration declared the entire state of Hawaii a disaster area as a result of damage caused there by Monday's tidal waves.

Germans Release Plane & Yankees

Wiesbaden, Germany (AP)—With unusual speed and a mild protest, the Russians Tuesday set free a U.S. Air Force C47 transport plane and the 9 American occupants forced down in East Germany last Friday.

A U.S. Army spokesman said the plane will fly to West Germany with the crew and passengers presumably on board Wednesday.

The spokesman said word had been received through Russian channels that the plane is airworthy but the Americans could not depart Tuesday because of weather.

One of the group is a woman, Mrs. Barbara McCash of Atlanta, Ga. The others are Air Force officers and men. They had strayed on a flight from Copenhagen to Hamburg, west of the iron curtain.

The relatively happy ending was signalled by a letter from Soviet Col. Gen. I. I. Yakubovsky to Gen. Clyde D. Eddleman, commander of the U.S. Army in Europe.

In routine terms, Yakubovsky protested the plane's violation of the frontier of East Germany, a partner in the communist Warsaw Pact.

He said Soviet fighters took "justified decisive action" to force it down after repeated signals to land were ignored. Indications were the fighters fired warning shots. The Soviet general asked Eddleman to "take measures to exclude such incidents in the future."

Return Of Umbrellas Wednesday

Umbrellas and raincoats will dominate Nebraskans attire as cloudy skies and scattered thunderstorms are predicted for most of the state Wednesday and Wednesday night.

Temperatures will range in the 70s west and north to the lower 80s in the extreme southeast.

Lightning and thunderstorms were reported early Wednesday at Omaha, Grand Island, North Platte, Norfolk, Sidney and Lincoln. Valentine and Imperial, at the same time, reported light showers.

A severe weather warning issued Tuesday called for thunderstorms, large hail and damaging surface winds for an area bounded by a northeast line from McCook to North Bend, and a southeast line from North Bend to Humboldt. The warning included the Lincoln area and most of southeastern Nebraska.

Roof Ripped

An early morning storm Tuesday lashed eastern Nebraska with rain, wind and hail. The roof was ripped from the Loup River Public Power District's generating plant at Monroe by what may have been either a high wind or a small twister.

Ed Laudenklaus, the operator, was hit by falling concrete and hospitalized in Genoa. Plant manager, Charles Huffer, said he was not seriously injured.

A state high was reported in Lincoln Tuesday as the temperature climbed to 88 degrees.

Precipitation reported for Tuesday by the U.S. Weather Bureau was:

Omaha	.98	Norfolk	.68
No. Omaha	.78	Burwell	.47
North Platte	.04	Scottsbluff	.39
Alliance	.50		

Twister Hits

Angora (AP)—A tornado was reported to have touched ground on a ranch 4 miles east of Angora early Tuesday evening.

State Safety Patrolman Vic Hansen said some telephone lines were torn down and some outbuildings damaged. No injuries were reported.

Heavy hail with crop damage was reported 3 miles north of Mitchell. Lighter hail was reported south of Reddington in wheat country.

Senate Bid To Johnson In Kentucky

Louisville, Ky. (AP) — Former Gov. Keen Johnson won the Democratic nomination for U.S. senator from Kentucky and will oppose Republican Sen. John Sherman Cooper in the Nov. 8 general election.

Johnson, backed by the state administration, led John Y. Brown by 28,000 votes with tabulations of the primary election vote 70% complete.

With 2,737 of the 3,721 precincts counted, in the Democratic race, the vote stood: Johnson, 88,770; Brown, 60,717.

Cooper, winding up a 4-year unexpired term, won renomination in a walkaway over Thurman J. Hamlin.

With 2,710 precincts tallied, the vote was:

Cooper 31,233; Hamlin 1,366.

Johnson claimed victory, but Brown declined to concede. He said he wanted to wait for more returns from rural areas.

Park Bonds OKd

Ogallala (AP)—Ogallala voters Tuesday approved a $35,000 bond issue for park improvements. The vote was 307 to 199.

The proposal needed a 60 per cent majority and with 4 mail votes to be counted would carry by one vote if all 4 mail ballots were against the issue.

Today's Chuckle

The mother lion saw her young offspring chasing a hunter around a tree. "Baby," she called, "don't play with your food."

U.S. Midas 'Spy-In-Sky' Orbiting

MISSILE WARNING POSSIBLE

. . . World's First

By Howard Benedict

Cape Canaveral, Fla. (AP)—The United States launched an experimental Midas "spy" satellite into orbit Tuesday, opening a new chapter in the race for space.

The 2½ ton satellite will test the feasibility of using orbiting space stations to provide almost instant warning of a ballistic missile attack.

The satellite, first of its kind in the world, was boosted aloft from this missile test center at 12:37 p.m., (EST) by a powerful 88-foot Atlas-Agena rocket.

Two hours later, shortly after United Nations reconvened to resume the U2 spy debate, the Air Force announced the mammoth Midas was spinning around the earth.

It was unable immediately to give the precise position in orbit because of a malfunction in tracking computers at the satellite test wing at Sunnyvale, Calif.

Round Trip In 94 Minutes

However, the Defense Department said in Washington late in the day that the satellite was traveling in an orbit that carries it out as far as 322 miles and within 292.1 miles of earth. In its near circular orbit, Midas makes one round trip every 94.34 minutes.

Lt. Col. Henry Riepe, Midas project director, said radio transmitters in the 22-foot long space messenger are working perfectly.

The "spy-in-the-sky" was equipped with an infra-red scanning device capable of instantaneous spotting and reporting of the launching of a hostile ballistic missile.

Not Over Russia

This first test satellite was not aimed at a course which would take it over Russia. Its path covers all territory 28 degrees north and south of the Equator. Midas' practice mission is to test its equipment on giant sodium flares to be ignited at Edwards Air Force Base, Calif., and on rocket launchings at Cape Canaveral and Vandenberg AFB, Calif.

The first flare will be fired on the ground within a few days.

Within two years, a series of 6 or 8 Midas satellites parading and flying through space are expected to provide complete and constant scanning of the earth's surface.

By flashing the alarm of the blastoff of enemy missiles, they would give the United States 30 minutes to prepare for nuclear bombardment, to send retaliatory rockets on the way and to get persons into shelter.

BEVERLY BECOMES RANCH GIRL

The Rev. Leonard Ellers (right) and his new charge, Beverly Aadland, look over the 10-acre Ellers ranch in suburban Granada Hills near Hollywood after the former girl friend of Errol Flynn arrived at her new home. The minister and his wife were granted custody by Juvenile Court last week.

Bryant Wins Gov.'s Chair In Florida

Miami Fla. (AP) — Farris Bryant, a determined foe of racial integration, was elected governor of Florida Tuesday. He defeated Doyle Carlton Jr., who favored a moderate approach to the racial issue.

Bryant, 45-year-old Harvard-educated attorney, will succeed Leroy Collins, popular governor for the past 6 years who was named as permanent chairman of the Democratic National Convention.

Collins threw his support to Carlton, lanky 37-year-old Wauchula rancher, because Carlton favored a continuation of the present moderate policy on the segregation issue.

Bryant charged that Collins was out of step with the Florida people, that they wanted to keep their schools, beaches and restaurants reserved strictly for whites.

Sangster Dies

London (UPI) — Dr. William Sangster, former president of the Methodist Conference, died in his home in London after a two-year illness. He was 60.

3 Local Pools To Open June 4

Lincoln's 3 municipal pools—Muny, Irvingdale and University Place—will open June 4 for the 1960 season.

Open date was announced Tuesday by City Recreation Director James Lewis.

Lewis said the pools will have the same managers: Harry Kuklin for Muny, Boyd Thompson for Uni Place, and Dick Beechner for Irvingdale.

Nab Peronists

Buenos Aires (AP) — Police seized two men as they were placing a bomb in the historic old Cabildo building, where Argentina launched its war of independence from Spain 150 years ago. Police said the two Nasin Guzman, 36, and Hector Herrera, 33, carried propaganda material supporting ousted dictator Juan D. Peron.

Publishers Denounce Nasser Grab Of Arab Newspapers

New York (UPI) — The International Federation of Newspaper Publishers denounced the nationalization of leading newspapers and periodicals by President Gamal Abdel Nasser of the United Arab Republic.

The federation said in a resolution that the publications were taken over by the U.A.R. to hand them over to the sole political party, which the government itself controls.

"The congress recalls a similar measure had already been taken against a former member of the organization when Col. Nasser took power," the resolution said.

'Violation of Freedom'

"The congress solemnly denounces this new and intolerable violation of the free press."

The resolution said the nationalization would be referred to the United Nations for action.

Editors and publishers assembled here from 12 countries for the federation's 13th congress heard addresses from Erwin D. Canham, editor of the Christian Science Monitor; Lester Markel, Sunday editor of the New York Times; and John T. O'Rourke, editor of the Washington Daily News.

No Secrets

Memphis, Tenn. (UPI) — Earl Davenport became interested in handwriting as a small boy. At 5, he discovered that "Santa" was his mother through her handwriting. Davenport now is a recognized handwriting authority here.

Violent Colorado River Holds Fate Of 2 Men

Monticello, Utah (AP) — Two men are feared drowned in the most violent stretch of the turbulent Colorado river. They and 4 others were flipped from a drifting raft into the Cataract canyon rapids Sunday.

The missing men were identified as K. Howard Hoover, 36, and Leon Peterson, about 30, both of Provo, Utah.

Twelve men in a 24-foot rubber raft started a run of the rapids Saturday, said Al Quist, one of the group.

There are about 28 miles of rugged rapids in the 40-mile canyon, which itself is in a remote region of the most desolate part of southeastern Utah's desert.

Quist said:

"We were about one-quarter mile from the rapids when the motor became entangled in debris and failed. We hit the rapids and 6 men tumbled from the boat. One, Dr. A. Willis Smith of Salt Lake City, jumped to a rock and then back to the boat. A second man, Shelby Cook, also of Salt Lake City, was quickly pulled back into the raft."

Quist, his 17-year-old son Clair and the two missing men were snatched by the rapids and carried downriver. The men in the boat began frantic work to revive the engine.

"But they were unable to catch us until we went through the rapids," Quist said. "My son and myself were fortunate. We were caught in a back eddy," a quiet pool of water near the bank.

The survivors never saw Hoover or Peterson again. A helicopter search was begun Tuesday.

Nebraskans Honored At AACI Meet

Miami Beach, Fla. (AP) — It was somewhat of a Nebraska affair at the American Assn. for Conservation Information awards banquet Tuesday with Nebraskans among the winners, directors and judges.

Nebraska won a first and two seconds in contests announced at the 19th annual convention.

The certificates and plaques were presented to M. O. Steen, director of the Nebraska Game Commission, by Dick H. Schaffer, Nebraska Information and Education chief who is also a director of the association.

In one of the contests in which Nebraska placed second, two Nebraska Department of Education officials were judges—George Rotter, director of Conservation Education, and Glen H. Strain of the division of Agriculture Education. Wyoming received the first place.

First place in the news release section went to Nebraska's "Wildlife Notes," a weekly service to newspapers, radio and television stations and out-of-state publications and writers.

The Game Commission's weekly program, "Outdoor Nebraska of the Air," received second place in the radio division. Oklahoma won first.

Nebraska's FFA and 4-H club manuals won second place in the conservation education and extension project division, of which the two Nebraska officials were judges.

House FPC Probe Ends Public Part

Washington (AP) — The House investigation of the Federal Power Commission ended its public phase.

The investigating subcommittee, a branch of the commerce committee, plans to hold closed-door sessions now on what legislative standards to recommened for the conduct of federal regulatory agencies.

Chairman Oren Harris (D-Ark) indicated one goal is to stop off-the-record contacts between FPC members and representatives of firms having cases before the commission.

A situation which Harris called flagrant was the activity of Atty. Thomas G. Corcoran, who made repeated calls on individual FPC members to give them the views of gas pipeline firms he represented. Corcoran said he sought only to expedite action, not to influence judgments.

Organizational Watershed Meet Set Wednesday

The Salt-Wahoo Watershed District will hold its organizational meeting at 9:30 a.m., Wednesday at the Cornhusker Hotel.

Salt-Wahoo directors will elect officers, adopt resolutions and generally organize their newly-formed district.

At 10:30 a.m., the U.S. Army Corps of Engineers will report on the Antelope Creek Dam project, its rising land costs and feasibility.

City Parks Levy Asked

(Continued from Page One.)

improvements were more critically needed for recreation than a new swimming pool.

The city swimming pool revenue fund currently has $45,000 as against the estimated $90,000 cost of a new neighborhood pool.

The Park Board resolution is expected to go to the City Council on Monday. The proposed park improvement program for 1960-61 will go to the Capital Improvements Committee to the Council for consideration.

The recommended program:

Northeast Park at 67th and Baldwin—restrooms, $6,000; picnic area, $4,000; ball field, $2,000; fencing, $4,000; water, $4,000; parking area, $2,000; lighting, $3,000. Total, $25,000.

Bishop Casey Park—grading, $4,000; roads and parking, $3,000; water, $3,000; landscape, $2,000. Total, $12,000.

Woods Park—parking, $5,000; Rogers Memorial Drive, 1,050 feet, $25,000; ball field and parking, $15,000. Total, $45,000.

Belmont Park—skating slab, $11,000, and shelter, $5,000.

Pioneers Park—concession stand, $6,000; water and electricity to animal pens, $5,000.

Irvingdale Park — blacktop parking area for swimming pool, $6,000.

Antelope Park—Children's Zoo landscaping, water and sewer, $10,000; picnic area in old golf course area, $10,000; paving parking area at Pavillion, $9,000. Total, $29,000.

University Place Park—shelter, $5,000.

Bethany Park—restrooms, $6,000.

Pentzer Park—lighting, $3,000.

Peter Pan Park—water, $2,000.

Havelock Park—restrooms, $4,000.

Grandma Saves 2

Strawberry Point, Iowa (AP) —A 63-year-old grandmother plunged twice into the Maquoketa River and saved her grandson and daughter from drowning.

Mrs. Mike Miller, her daughter, Mrs. Gary Galloway, and her two children, Glenn, 3, and Steve, 4, went to nearby Backbone State Park to fish.

The two women and the boys were fishing when Glenn fell into the water. Mrs. Galloway jumped in but couldn't find her son.

Then Mrs. Miller jumped in and got out the boy and returned to the water and rescued her daughter.

Missionary Dies

Madras, India (UPI) —Ida Scudder, 90, founder of the Vellore American Medical Mission, died at Kodaikanal.

Kids Who Read Smut Books 'Do So Because Of Folks'

Washington (UPI)—A clinical psychologist said children are interested in dirty books and pictures because their parents have neglected their sex education.

Dr. Phyllis Kronhausen of San Francisco told a House education committee that refusal of parents to give their youngsters a "good sex education" is a "serious problem" in this country.

She testified on a bill to set up a 15-man presidential commission to study the relationship between pornography and sex crimes.

Her husband, Dr. Eberhard Kronhausen, a psychologist, told the committee he was sympathetic with the aims of the measure. He said the approach was unscientific, however.

The Kronhausens also told the committee, "You will have to experiment with actual erotic reading matter."

They said this would be "difficult" because "where are the volunteer parents who would let their children be exposed."

Lancaster Growth Aids First District In Showing Increase Of Population

Lancaster County's population increase of more than 28%, for a total of 154,274 residents, helped to boost the First Congressional District total to 369,970, an increase of 8,713 in the last 10 years, District Supervisor Anna Evans reported.

Lancaster's big gain was attributed to the spreading growth of Lincoln which increased to 127,603 from the 119,742 figure in 1950.

However, only 3 other counties in the 26-county district recorded population gains in the last decade. They are Phelps, Kearney and Adams Counties.

Figures indicating whether or not Nebraska as a state has gained or lost in population will not be available until tabulation of Omaha and the surrounding area is complete.

Comparison of the 1960 with 1950 population figures for First Congressional District counties is as follows:

County	1950	1960
Lancaster	119,742	154,274
Jefferson	13,623	11,575
Pawnee	6,744	5,222
Richardson	16,386	13,839
Thayer	10,363	9,085
Saline	14,046	12,503
Johnson	7,251	6,251
Gage	28,052	26,783
Furnas	9,285	7,684
Harlan	7,189	5,045
Gosper	2,734	2,466
Phelps	9,048	9,752
Kearney	6,409	6,571
Franklin	7,096	5,438
Webster	7,295	6,165
Clay	8,709	8,670
Fillmore	9,610	9,383
Nuckolls	9,609	8,192
Chase	6,176	4,301
Dundy	4,354	3,537
Hayes	2,404	1,899
Hitchcock	5,867	4,808
Frontier	5,282	4,316
Adams	28,855	28,852
Red Willow	12,977	12,907

Letters Backing Sorensen For Demo Position Mailed

By Don Walton

Letters boosting 26-year-old Lincoln attorney Phil Sorensen for Democratic county chairman were sent to county convention delegates Tuesday night.

The communications billed Sorensen as a "harmony" candidate for the post.

They were signed by 28 Lancaster County Democrats.

A chairman will be named Thursday night at the county convention.

Acting County Chairman Frank Golden is an announced candidate for election to the two-year term.

'Fair Shape'

Sorensen backers said Tuesday they are in "pretty fair shape" in their efforts to attract sufficient delegates to tip the scales for the youthful Lincolnite.

Excerpts from their letter in behalf of Sorensen:

"Certainly for the good of the Democratic Party in Nebraska, and most certainly in Lancaster County, we have come to a time when true harmony among our ranks is both desirable and possible.

"The 'forward move' is a must, if we are to sustain ourselves and succeed.

"The Republican Party in November will attempt to present a unified effort in the hopes of securing a winning number of votes.

To Capture Many?

"We are in a position to capture a great number of Republican and independent votes for our candidates if we move as a single unit.

"A unified aggressive Democratic Party in November can and will win.

"Philip Sorensen appears on the horizon as a young Democrat who is intelligent, qualified and willing to take on the mantle of leadership which is so vital to our success."

Sorensen, law clerk to Federal Judge Van Pelt, is listed as an honor graduate of the University of Nebraska College of Law. He was in the service from 1951 to 1954.

Brother Aids Kennedy

His brother, Ted, is administrative assistant to Sen. John Kennedy, and his father, the late C. A. Sorensen, was a former Nebraska attorney general.

Signators of the letter included F. C. Vierk, J. J. Exon, L. K. Emry, Rudolph Andersen, John Wright, Earl Dyer, Harvey Swenson, Robert Newell, Virginia Hall, Bill Davidson, Elmer Reiling, Kenneth Delp, Grace Staton and Dave Thomas.

Others: Kara Lee Eikleberry, William L. Walker, Virginia Perry, Louis Maupin, Ted Connor, Kenneth Lewis, Paul Evans, Jo Fischer, Jack Carey, Don D. Geis, John White, Ben Hemphill, Franz Radke and Margaret Diamond.

Cassidy Gets Big Steak Thanks To Local Voters

Lincoln voters earned Election Commissioner Fred Cassidy a free steak dinner by turning out 58.8% of their number for the May 10 primary election.

Before the election, Douglas County Election Commissioner James Cooper had challenged that a greater percentage of the registered voters in Omaha would go to the polls than in Lincoln.

Cassidy, who accepted the challenge on behalf of the Lincoln voters, was congratulated Tuesday by Cooper as the two election commissioners compared official figures by telephone.

Omaha turned out only 51.5% of its 135,350 registered voters in the recent primary as compared with 58.8% for the 53,556 registered voters in Lincoln.

Cooper had promised Cassidy a steak dinner if Lincoln beat Omaha in the turnout challenge.

Cooper is coming to Lincoln soon to make good the promise, said Cassidy following their telephone conversation.

Cassidy also believes that Lincoln will best Omaha in the November general election if Cooper wants to try a re-match.

296 Of 2,000 Overdue, Lost Books Back

By late Tuesday, 296 of an estimated 2,000 lost or overdue books had been returned to Lincoln's main and branch libraries in the first of 3 "fine-forgiveness days."

The fine-free days end Thursday.

Purpose, Libraries Director Charles Dalrymple said, is "to secure the return of a number of overdue books" on which fines due range from two cents to replacement value of the books.

Some missing books, he said, are irreplaceable.

Out of a yearly circulation of more than 600,000, Dalrymple said, .3% "don't get back on the shelf." About half "of these are children's books," he added.

He urged Lincolnites to "make an extra-diligent search" of their homes, cars and behind sofas for lost books.

"The last time we did this," the library head said, a book entitled "Back From Hell" was returned. It had been checked out June 9, 1938.

Menderes Cancels Plan To Visit Athens

Ankara, Turkey (AP) — Premier Adnan Menderes Tuesday night canceled plans to visit Athens as tension still ran high in Turkey's political crisis.

It was believed that the uneasy political situation inside Turkey forced the prime minister to reconsider plans for leaving the country.

—SUMMIT—

Impartial Inquiry Is Ordered

. . . By Senators

Washington (AP) — Without a dissent, the Senate Foreign Relations Committee agreed Tuesday to open Friday "an objective, impartial inquiry" into the spy plane incident and other events culminating in the summit breakdown.

Announcing this, Chairman J. William Fulbright (D-Ark) stressed that every effort will be made to keep politics out of the closed-door inquiry which will begin with Secretary of State Christian A. Herter. He reported the vote to go ahead was unanimous, with 12 of 17 committee members on hand.

Blowup In Senate

After a showing of Democratic-Republican unity in the face of Soviet Premier Khrushchev's blowup of the Summit talks, a knock-down-drag-out word battle erupted in the Senate Monday.

Senate Democratic leader Lyndon B. Johnson of Texas—who has been preaching unity—tried Tuesday to bring political temperatures down again. He was out of town during most of Monday's Donnybrook.

Speaking to fellow senators Johnson said national unity "does not require sweeping facts under the rug—no matter how unpleasant those facts may be."

"But it does require treatment of the facts coolly, calmly and in an objective vein . . .," the senate's Democratic leader said.

However, Republican Sen. Margaret Chase Smith of Maine told the Senate the Eisenhower administration "is subject to criticism for the handling of the U2 affair." Mrs. Smith said, "I do not believe the Democrats should be silenced by a loyalty gag."

Other Developments

Meanwhile, these other things happened:

1. The National Security Council, with President Eisenhower in the chair, held a two-hour special meeting. There were indications the session dealt in part with Eisenhower's TV-radio report to the nation on the Summit Wednesday night.

2. Sen. John F. Kennedy of Massachusetts, leading contender for the Democratic presidential nomination, said again that Eisenhower could have expressed regret to Khrushchev for the spy plane flight—that he, Kennedy, would have been willing to have done so in an effort to save the summit conference.

3. Sen. Stephen M. Young, (D-Ohio) urged dismissal of officials he said were at fault for conflicting U.S. statements about the U2.

4. Rep. Samuel S. Stratton (D-NY) deplored the action of a group of other House Democrats who have demanded that Eisenhower answer a series of questions on the Summit conference collapse.

The 1960 Census

By WILLIAM O. DOBLER

There is no question that Lincoln can take pride in the preliminary census figures which show a 1960 city population of 127,603. But the right point of view on the census was taken by Lincoln Industrial Development Corp. Vice President George B. Cook who said that "if we can get some new industry and improve what we already have, we should experience an even greater growth in the next 10 years . . ."

The increase in Lincoln's population in the last 10 years stands at 29.04 per cent. This is a healthy figure but it should be weighed against the entire state picture where the increase is expected to be less than 10 per cent in the face of a national increase of 17 per cent. Lincoln should remember that it is a part of the state of Nebraska and its prosperity is closely related to the well-being of the entire state. This isn't meant to put a damper on figures which speak very highly of the capital city but there is no room in them for relaxation.

Only A Part Of Whole

In the face of national averages and the state figure, Lincoln could have done even much better than its nearly 30 per cent climb. That it did not may not be the particular fault of any one group or individual but it indicates that there is still plenty of work for us to do.

With the actual loss in population that some cities and states have experienced over the past 10 years, it is obvious that the major growth areas of the nation will boast of population increases far exceeding Lincoln's. The figures for Lincoln, therefore, are very encouraging but should be much more of a stimulant than a sedative.

★

At the same time, there is an interesting difference between the census figure and the city's planning figure of 137,500. This difference can probably be partly explained through a small error some place in the formula used by the planners at arriving at their answer. It can also be explained by the fact that the planning figure included some residents living on the fringe of the city but not quite within the city limits.

This brings up again a question of long standing in the area. Lincoln, it seems, is getting the short end of the stick in this fringe area. The businesses and residents which inhabit this area have all the benefits of the city but share in none of the tax load. They use the city's streets, parks, fire and police departments and other facilities but are not found on the tax rolls. Just how big a problem this is might be difficult to nail down but it must involve more than 5,000 and fewer than 10,000 people.

★

This could mean more than 2,000 families and a tax base of millions of dollars. It is difficult to deal with the problem because the people involved do not want to be annexed to the city but it does knock about 7,000 to 10,000 persons off the census figures which should be there and on the tax rolls.

On the other side of the picture, the 1960 figure shows the importance of intelligent planning and explains some of the problems which the city faces. If a 30 per cent increase in population were left to locate where it pleased and build as it pleased, there would be mass confusion and waste. A city's growth must be regulated into the proper channels for maximum public service efficiency.

As Lincoln meets certain natural boundaries such as the Stevens Creek area to the east, the planning aspect is going to become even more important. Not the least important consideration in this planning will be the acquisition of land for future public needs before it has become enhanced in value through business and residential development. The figures show that there will be no end to the problems of drainage, transportation, fire and police protection, parks, schools, libraries, public buildings, etc. in the years ahead. You may wonder why a city wants to grow when the process involves such economic strain, but the alternative is ruination.

The Demands Of Growth

While growth places more demands upon you, it is believed that it also provides you with an even greater percentage of the means by which you can meet this demand. Also, if you fail to invest in the future growth and stability of your area, you will witness an economic collapse that would strangle the city and leave many of its people destitute. If you think growth is costly, take a look at West Virginia and other areas where things have gone in the opposite direction and bread lines have replaced the pay line.

"Did You Fellows Get All The News From Paris?"

DREW PEARSON

Fight Looms On School Bill

WASHINGTON — With the USA still smarting from the humiliation of Paris, the House of Representatives starts grappling with a less publicized, but perhaps deeper, humiliation — our educational lag compared to communist Russia.

What the House starts debating is an education bill which would vote $975,000,000 for school construction. Already the bill has seen some of the bitterest backstage battling of the year, and it will see more—including a controversy over Catholic schools—before the debate is over.

Here is the lineup of the pushers and the pullers-back which the education bill faces:

The pushers are: Speaker Sam Rayburn of Texas, who has no children but is determined that the United States shall not lag behind Russia in education; together with Democratic Congressmen Frank Thompson of New Jersey and Lee Metcalf of Montana.

Puller-back No. 1: is dour, swallow-tailed Congressman Howard Smith of Virginia, who tried to block the education bill in the Rules Committee.

Puller-back No. 2: is President Eisenhower, who has threatened a veto of the bill. His Republican leaders and many Republican congressmen will vote against it.

Puller-back No. 3, Is Congressman Clement Zablocki of Milwaukee, Democrat, who wants a school bill passed but wants to provide funds for Catholic schools. His proposal would probably torpedo the bill because many Republicans would support it, then turn around and use it as an excuse for voting against education altogether.

Representative Thompson, co-author of the bill and himself a Catholic, has done his best to persuade Zablocki not to risk defeating the education bill with his parochial school proposal. Most Catholics in the House are also against Zablocki, and for a time he held up his bill. However, he now plans to introduce it on the House floor.

☆ ☆ ☆

Here is some of the backstage battling necessary to finally pry the education bill out of the recalcitrant Rules Committee so the entire House of Representatives could vote on it.

"You'd better get busy and grant a rule for this bill," 78-year-old Sam Rayburn warned Chairman Smith. "It's been delayed too long in your committee. If you don't, the House will take it up anyway under the Calendar Wednesday procedure. The members have every right to vote on this legislation and I intend to see that they do."

Despite Mr. Sam's blunt warning, the gentleman from Virginia held back. Adroitly he tried to maneuver the Catholic school issue into the picture.

MARQUIS CHILDS

Russia Keeps West Off Balance

WASHINGTON — On the day the summit blew up the London Times had in its letters to the editor column a communication with some wise things to say about this business of reacting to the Russians. The writer, William Sargant of the Department of Psychological Medicine of St. Thomas hospital in London, pointed to the way in which the Soviets succeed in keeping the West off balance by taking first one line and then another by shouting peace one moment and aggression the next. He suggested that this was a deliberate technique patterned after the discoveries of the great Russian scientist Pavlov, showing how animals can be broken down by conditioning them to one set of signals and then deliberately altering those signals.

☆ ☆ ☆

Once again we are rehearing the evil deeds of communism as though we had not long ago had every reason to understand the real nature of the communist challenge. The Kremlinologists are dredging up old flesh-creeping tales of Stalin's death and Khrushchev's ruthless deeds. It is as though the bogeys had to be taken out of the closet to frighten the children again.

The stress from the Eisenhower administration has been almost entirely on the production of more goods for a consuming public engaged in the pursuit of happiness through gadgetry. Western Europe seems to be following the American lead. With the spread of instalment buying a consumer-goods boom is developing that resembles the American boom while many in the older generation wring their hands over the "Americanization" of Europe it is proceeding apace, with snack bars and hot-dog stands and traffic jams rivalling ours.

Obviously, the West should not and could not, in meeting the communist challenge, imitate the austere garrison society of the Soviet Union. Khrushchev, in his avowed intention of exceeding the American living standard, has spoken almost enviously of the horn of plenty that spills out in the West. But, nevertheless, a large question remains as to how this lush free-wheeling society reacts to the new signals out of Moscow. Is it to be just "you're another," with that nuclear chip piled higher and higher on the shoulder?

The nuclear test talks which have been going on in Geneva for 18 months are a case study. After the solid months of concentrated effort that have gone into them, with all three negotiators — James Wadsworth for U.S., Sir Michael Wright for Britain, and Semyon Tsarapkin for the Soviets—deeply desirous of achieving an effective system of control and inspection to end testing, neither side wants to be responsible for breaking off the talks. But because political decisions had to be taken at the top on major issues these talks cannot now succeed, and it is vain delusion to pretend that they can. The forces in Washington and in Moscow opposed to even such a small beginning at controlled disarmament have been strengthened.

In Washington the pressure will certainly be great to begin weapons tests, looking to the smaller nuclear arms that are the goal of those arguing for pushing on with the program. There should, however, be no illusions about the consequences if the decision is taken to go on with military testing. The Soviets will immediately follow suit.

Their tests have been massive and dirty and they will be massive and dirty again, with no nonesense about "clean" bombs. Because of the pattern of air currents from Siberia the fallout will again be greatest over Canada and the northern tier of states.

In playing the game of the nuclear chip-on-the-shoulder the Soviets can always win because they have no inhibitions of conscience or world opinion. Their propaganda since the United States started it they were forced to follow suit. If weapons tests are resumed the administration in Washington must have no delusions about the consequences . The price of further development will be high.

The outlook for the 10-nation disarmament conference is even more certainly failure — just possibly the nuclear test talks can be kept flickeringly alive for the next six to eight months while disarmament is bound to grind to a dreary propaganda halt. Due to resume on June 7, the conferees had expected that they would get from the summit a new directive, limiting the objectives in the first phase to what might be at least remotely possible. Without such a directive they will take up where they left off, which was nowhere.

Man With A Code

Dr. Arthur S. Flemming, secretary of Health, Education and Welfare, has asked for the resignation of one of his employes, Dr. Henry Welch, director of the Food and Drug Administration's anti-biotic division.

Flemming is under the impression that Dr. Welch, formerly editor of two prominent anti-biotic journals is involved in conflict of interest. Though Welch has described his present connections with the magazines and certain emoluments received from anti-biotic houses as nothing more than honoraria, Dr. Flemming, according to the Des Moines Register, understands these honoraria as amounting over an eight year period to something like $285,000 plus gifts of unestimated value. Such income was earlier described by the Saturday Review of Literature and later outlined before a Senate committee.

The public will have to be its own judge of what constitutes honoraria and what constitutes conflict of interest. But one thing is definite. The government needs a dictionary since here is such a wide and capricious difference in the definition of critical terms. After some uniform meaning of the terms is established a code of ethics might be in order.

One thing that does seem clear is that Dr. Flemming does have a code of ethics, if only his own, and his actions from polluted cranberries to conflict of interest have shown courage and consistency. Since many of his decisions have hurt the pocketbook interest of this one and that one, ane have, therefore, brought him under severe fire, the public persists in the feeling that he is a pretty dependable soul and when the final chapter is written about the current administration he was the hounds' tooth that was to be kept clean. It was just too bad that the particular hound did not have enough teeth to go around.

Error Of Judgment

The world currently is vexed by human mismanagement to a point that the peace is in balance. While the summit conference collapse wins first prize, an example of lesser but still noteworthy stumbling attended Tokyo action on the Japanese-American military security treaty.

Eager to push Japanese acceptance of the treaty to a conclusion prior to President Eisenhower's visit to Tokyo in June, the Diet took summary action to hasten the vote. The result was strong public demonstrations against the treaty. And it was only to be expected that communist distaste for any degree of Japanese-American friendship made the most of the occasion.

The treaty is not offensive to Japan, except perhaps slightly in its operation against full trade between Japan and its communist neighbors, China, especially. Otherwise, it has the characteristics of an agreement between friends and equals and reserves the right of Japan to decide whether or not U.S. military forces can operate in certain manners from Japanese soil. It also strictly protects Japan from involvement in trouble the United States may encounter, but of no interest or moment to Japan. By usual processes and ordinary considerations it could be expected that the treaty would be quite acceptable to the Japanese.

It was polite and thoughtful of the Diet to attempt to crown the Eisenhower visit with an act of comradeship which the treaty represents. As a staging of good will it would leave nothing left undone. But it was an error in human judgment to become so fixed on an incidental idea as to sour up the whole business.

Happily the basic relations between the two nations are good enough to save the day, though there was no reason to give the Reds a free ride on another propaganda excursion.

Closing The Gap

The idea that Russia is well behind the United States in many areas but rapidly closing the gap is an often expressed thought but not always well accepted. But another example of its validity is furnished by a report in the Wall Street Journal on Russian oil production. "Soviet output this year still will be less than 50 per cent of U.S. domestic production," the Journal reports, "but as recently as 1945 America held a lead of better than ten to one."

And Soviet expansion is coming in the midst of U.S. cutbacks because of a world surplus of petroleum products. How then, you might ask, can Russia increase production? If the price is slipping for the U.S., it must be slipping for Russia. Any worldwide glut in the market would hurt them as badly as it would hurt us.

All of this is true but it overlooks one important thing—Russia is using its petroleum production as a subsidy for trade and political purposes. As Russian oil becomes more and more an integral part of the industry of a nation, that nation becomes more and more closely aligned with the U.S.S.R. As the Reds make trade agreements for their oil, they also build refineries to process their crude exports.

As any student of world affairs will agree, trade alliances are the next thing to political alliances and it could hardly be argued that nations which trade together would not practice politics together. What all of this means to Russia is that she feels she can afford to sell her oil for a loss because of the political benefits to be gained. And she is selling more and more oil to nations of the so-called free world.

It is not likely that Russia will go broke with such a system, as some dreamers might hope. Her controlled economy could never go broke unless and until it used up the entire productive capacity of all the people and as bad as communism might be, Russia still has a substantial economic effort directed into her domestic program. But she can dictate the sacrifice she deems essential on the domestic level while we must make such sacrifice voluntarily. We cannot afford a failure to recognize and appreciate this difference.

U.S. Case In U.N. Rests With Lodge

WASHINGTON—Repair of the American world position has begun in the United Nations with the debate on espionage. Many reasons raise it above the level of a mere diplomatic exercise.

The obvious one is the part played by the U-2 intelligence flights in the breakup of the summit meeting.

The prevalence of spying gives the United States an initial advantage in the argument: Soviet use of spies is so universally acknowledged that its complaints would be ludicrous if they stood alone. Other nations also know that they are not exempt from human error: their anxiety in this instance comes from the fact that the stakes in terms of survival are so high.

What the diplomats will be assessing for their home offices will be America's capacity to pick itself up from the floor, overcome past mistakes and assert confident future leadership. A mere assertion of morality and basic goodwill will not do that job; it will not be enough for the Russian to be proved hypocritical; American must show stamina and brains.

☆ ☆ ☆

The main burden falls on Chief U.S. Delegate Henry Cabot Lodge, whose experience fortunately includes journalism, Congress, World War II combat and diplomacy. It is perhaps only fair that his vital role, handed to him as the Republican national convention nears, might give him a shot at the nomination for vice-president.

A major architect of the Eisenhower draft in 1952, Lodge had the misfortune to be running that same year for re-election to the Senate against the then Rep. John F. Kennedy, whose star quality is now so apparent. Lodge had always been too modern in spirit and too internationalist for the old guard congressional leadership; in a gesture toward it, President Eisenhower, always personally loyal to Lodge, dispatched him to the United Nations rather than rewarding him with a cabinet post.

It has given Lodge little chance to build domestic political fences, and his difficulties were crowned by last summer's assignment to travel across the continent with Soviet Premier Nikita Khrushchev and, above all, to keep him happy no matter how outrageously he behaved.

The United Nations debate is, of course, irrelevant to the issue being joined by congressional investigations of what went wrong in the chain of events prior to the summit collapse. These will take place in at least two forums—the Senate Foreign Relations Committee and the Senate Subcommittee on Policymaking Machinery.

Democrats and their leading candidates for president are by now committed to finding out why the summit collapsed, with all its damage to this nation's alliances and its reputation for candor and truth.

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

In Accord

Lincoln, Neb.

The Ogallala mother who wrote recently, upholding the university and faculty members in their decisions on discipline and punishment, is surely to be commended. She is an extremely wise and rare parent these days.

If there were but a few more of her caliber, I think we would find many of our delinquency problems fading into nothing. Discipline and the awareness of what is right and wrong necessarily have to start in the home. The parents are the primary authority from the time a child recognizes any kind of guiding hand at all. And when a part of this guidance passes to a teacher when the child reaches school age, all educators will affirm that they must still have the home support in order to function effectively in any sense of the word. If one set of rules to live and learn and work by is laid down at school, and belittled or denied at home, less than nothing by way of shaping a youngster's character or improving his intellectual abilities is brought about. But when he meets with a united front on both sides, there is little question of whether or not he's going to make a good citizen.

We had this parental attitude a generation or so ago. A youngster knew that if he received a seat-warming at school, there was a more severe duplicate awaiting him in the home woodshed, not a ridiculous indignation that their precious offspring had been abused.

My congratulations to one parent, at least, who seems to have retained this fine old-fashioned quality. I wish there were more like her.

MOTHER

Urging Reform

Lincoln, Neb.

Looking at the destruction already wrought, at the materialism growing on every side, at the increasing bitterness and unrest throughout the world, at the tremendous power of our latest weapons, a realist might well conclude that many of us now living will see the start of another war, one which will end in more dark ages. I say, let's stop looking and start reforming.

We still have the possibility here in America of building a civilization based on man, where the importance of an enterprise is judged less by its financial profits than by the kind of community it creates, where the standard of life is the quality of life itself. But time is short!

Recently proclaimed was a national physical fitness week, but how many of us actually gave it serious thought? It is so easy, in this push-button age, to avoid exercise. We must, however, if we are to remain a strong nation, keep physically fit. In some areas such as weight-lifting, America does excel, but for everyday exercise we rate poorly. Remember, a healthy mind and a healthy body go hand in hand.

VOLTAIRE JR.

PHYLLIS BATTELLE

National Fun Spending Far Exceeds Defense

NEW YORK — Ordinarily we are all in favor of wine, women and swimming pools. Love fun, hate taxes. Normal, greedy conformists, that's us.

But in view of the recent turn of international events, we sadden easily and feel sheepish. The sheepiest news of the day is that America is currently spending $4,000,000,000 more for fun and respite than for national defense.

The exact statistics are $45 billions for good times, and $41 billions for the defense of them.

Among our whopping investments, to help us while away our prosperity, are $2 billion spent on boating, $2 billion on photography, $600 million on swimming pools, $2.5 billion for overseas travel and $300 million for hi-fi and stero. The night-club tabs and booze bills have not been added here.

While Khrushchev's kith and kin slave away, we obviously are following that old maxim "All work and no play—"

Let no one call us dull, Jack.

But we cannot afford to lose too much sleep over the tense world situation because sleep is an absolute necessity for clear thinking. Not to mention enjoying our leisure. And sleep is in short supply too, let me tell you.

Out of an eight-hour night in bed, psycholoists have reported, we get only about two hours of really deep, mind and body-building sleep. The rest of the time we are closer to wakefulness than to morpheus.

Some time ago the Russains reported that in the future, drugs may be developed to plunge us into those two deep-sleep hours almost immediately — without wasting the other six hours in working up to, and out of, that healthful state.

In terms of awake-hours we've read they predict, a man could then increase his average life span to 95 years.

I trust our scientists are working on such a drug too.

We may be a prosperous and playful nation. But it would be too bad, as a great power, to be caught literally napping.

OFF THE RECORD By Ed. Reed

"Come along Gertrude—Professor Fesperman is just dying for some good conversation."

Depressed Areas Bill Veto Upheld

Washington (AP) — President Eisenhower made another veto stand up Tuesday, in a Senate vote upholding his disapproval of the 25-million-dollar depressed areas bill.

One Democrat — Sen. Paul Douglas of Illinois — said openly what several have been saying privately: The Democrats will make an election issue of the bill and its defeat, taking their case to the people this fall.

The vote was 45 to override and 39 against. The 45 votes were 11 shy of the two-thirds majority needed to pass a bill over a veto.

Forty Democrats and 5 Republicans voted to override. The five who broke with the GOP on the issue were Kenneth B. Keating and Jacob K. Javits of New York, John Sherman Cooper of Kentucky, Hugh Scott of Pennsylvania and Margaret Chase Smith of Maine.

NEBRASKA VOTE

Nebraska Sens. Carl Curtis and Roman Hruska, both Republicans, voted with the winning side as the Senate sustained President Eisenhower's veto of the depressed areas bill.

Supporting the President were 25 Republicans plus 12 Southern senators and Sens. Frank J. Lausche of Ohio and J. Allen Frear Jr., of Delaware.

All three Democratic presidential nomination contenders in the Senate—Lyndon B. Johnson of Texas, John F. Kennedy of Massachusetts and Stuart Symington of Missouri—voted to override Eisenhower.

Kennedy in particular had made a big thing of the bill, declaring that his campaigning in West Virginia demonstrated to him a vital need for federal aid to economically depressed American areas.

The bill would have provided loans to attract industries to depressed areas and to build public facilities such as water systems. Areas too poor to have credit for such loans would have been given grants. Spending was envisioned, too, on retraining of workers and on technical help to distressed communities.

Eisenhower vetoed the bill May 13, saying the measure was too broad and would waste taxpayers' money in areas of only temporary difficulty. He said the worst defect was, as he saw it, that some areas which don't need help would be made eligible for federal assistance.

Lancaster Demo Group Files Data

The Lancaster County Democratic Central Committee submitted its contribution and expense report to the Secretary of State's office Tuesday for the period from October 1, 1959 to May 1, 1960.

Treasurer L. W. Bartzat reported the committee's balance as of October 1 last year at $187. Contributions and revenue from fund-raising affairs between October 1 and May 1 amounted to $2,437, for a total of $2,625.

Expenses during that period totaled $888, leaving a balance of $1,736, Bartzat reported.

Bert Overcash of Lincoln, treasurer of the committee for Harry A. Spencer, candidate for the Supreme Court, reported contributions of $1,530 and expenses of $270.

Rep. Glenn Cunningham of Omaha, reported he spent $10, his filing fee, in his successful bid for the Republican nomination as Second District congressman.

Other campaign expense reports filed Tuesday included:

Legislature: 11th District: Ross H. Rasmussen of Hooper, $62; 35th District: M. M. Forrester of Anselmo, $908.

District Judge: Seventeenth District: Ted R. Feidler of Scottsbluff, $307.

Consumers Public Power District Board: 5th District: John R. Brogan of York, $261.

Wheat In Danger

Hong Kong (AP) — The official Chinese communist newspaper People's Daily admits that the country's wheat crop is in danger. It blamed recent floods in the south and drought in the north. The fate of the country's 60,000,000 acres of summer wheat will be decided, it said, within the next 20 to 30 days.

HERE IN LINCOLN

Money Taken — Trax Oil Co. officials reported to police Tuesday $108.75 was taken from the station's cash box overnight. Police said there was no sign of forced entry at the station, located at 135 No. 20th.

To Attend Math Institute— Miss Frances Buell, instructor of geometry on television this year and a member of the Lincoln High School faculty, will attend an institute in mathematics at Northwestern University for 8 weeks this summer under the National Defense Education Act.

The Spanish language is used by approximately 103 million people.

—Hit-Run Strikes—

Producers Set To Close All Shows

...To Combat Actors

New York (AP) — Producers Tuesday pledged total blackout of all Broadway theaters if union actors stage hit-and-run strikes against one show at a time. It would be the first complete shutdown of the Great White Way since 1919.

"We will close all productions," announced Burton A. Zorn, special counsel for the League of New York Theaters.

Thus the producers answered the threat by Actors Equity to close one show at a time for one night only in its drive to win pensions for more than 3,000 actors.

Expiration of the old Equity contract May 31 has brought Broadway face to face with its worst crisis in more than 40 years. Show business was pessimistic that a contract agreement can be worked out in time to avert a strike next week.

23 Broadway Shows

A walkout—led by some of the top names in the theater—would close all 23 Broadway shows and at least 7 others on the road. Plans for autumn productions already have been suspended because of the deadlock between Equity and the League.

Twenty-five hundred Equity members marched 4 blocks to Times Square early Tuesday after their final curtains. Among them were such stars as Helen Hayes, Lauren Bacall, Walter Pidgeon, Gertrude Berg, Julie Newmar and Jackie Gleason.

In an Astor Hotel mass meeting, they worked out their hit-run plan. It was proposed that Equity single out one show at a time and call a union meeting of its cast shortly before curtain time. This would force the return of thousands of dollars to ticket holders and snarl the attendance schedule. Most shows are sold out well in advance of each performance.

–Democratic National Convention–

Florida Gov. Collins Will Be Chairman

... Sen. Church, Idaho, Named Keynoter

New York (AP)—Gov. Leroy Collins of Florida, regarded as a moderate among Southern governors, Tuesday was named chairman of the Democratic National Convention, where civil rights is expected to be a burning platform issue.

Sen. Church

A 14-member Arrangements Committee also selected Sen. Frank Church of Idaho, as keynoter for the convention, which opens July 11 in Los Angeles.

Collins' selection may be intended to bridge the gap between Northern integrationists and Southern segregationists within the party. He has taken a middle of the road stand on civil rights in his own state.

As permanent convention chairman, Collins gains a national stage for whatever political aspirations he may hold. His supporters have boosted him as a coming figure in national politics and he has been mentioned as a possible vice presidential nominee.

Choices Anticipated

The selection of both Collins and Church was anticipated well in advance of Tuesday's committee meeting.

Collins was acceptable to the Adlai E. Stevenson wing of the party. Sen. John F. Kennedy's camp voiced no public opposition to him.

He succeeds House Speaker Sam Rayburn of Texas, whose bald head became a national symbol of past Democratic conventions as a result of television cameras trained on the rostrum.

Church, 35, entered the Senate in 1956 and is its youngest member. He gained something of a reputation as an orator in the West and was the choice of the Collins forces for keynoter.

Church said in a statement issued through his Washington office he realizes that as the keynoter he will be shouldering a grave responsibility.

"I plan to deliver a fighting speech directed at the appalling failures of the Republican administration, at home and abroad," he said. "I intend to pull no punches, but there will be no hitting below the belt."

4 Youths Plead Guilty To Runza Burglary Charge

Four youths pleaded guilty to burglary charges in Lancaster District Court in connection with the early Tuesday morning breakin of the Runza Drive In at 2600 Park Blvd.

Charged with the burglary were Jessie R. Lovelace, 20, Roger L. Frost, 20, Kenny G. Rhodes, 19, all of 133½ So. 16th, and Walter D. Woods, 20, of 1206 K. Judge John Polk committed all 4 youths to jail pending a pre-sentence investigation by the Adult Probation Office.

The boys' car was spotted in downtown Lincoln about 2:30 a.m. and when an officer attempted to stop them for a routine check the car sped away. They were halted a few minutes later and a search of the car revealed $28 in cash and numerous items of food, such as milk, cream, meat, cheese and shrimp, which they admitted having taken from the drive in.

Tennessee's GOP Delegates For Nixon

Nashville, Tenn. (AP) — Tennessee Republicans Tuesday selected the 28-member delegation to the party's national convention and instructed it to support Vice President Nixon for the presidential nomination.

The convention also approved a resolution praising President Eisenhower for his conduct during the recent attempt to hold the Summit Conference in Paris.

World's Biggest

Stockholm (AP) — The world's biggest, most powerful electric freight locomotive is about ready to start hauling Swedish iron ore. It's 114 feet 10 inches long and weighs 260 tons.

Bailey Estate Case Goes To Supreme Court

Affirmation of the Lancaster District Court decision that the estate of the late Mrs. Nola Bailey should go to her heirs was requested Tuesday in a brief filed in Supreme Court.

The brief was filed on behalf of Mrs. Zilah M. Powell, daughter of Mrs. Bailey, and E. Earl Bailey, her son and special administrator of the estate.

The case grew out of the accidental deaths of Mrs. Bailey and Theodore M. Bentley. Both died of accidental asphyxiation in August, 1958, in their home west of Lincoln.

Bentley's widow and children have contested the Lancaster District Court decision and contended that half of the estate should go to Bentley's heirs.

The District Court ruled that the personal property and real estate was the property of Mrs. Bailey at the time of her death and should go to her heirs.

Grade 'A' Milk Law Complete— Attorney General

The Attorney General's office contended in a brief filed in the Supreme Court Tuesday that Nebraska's Grade A milk law is "complete, thorough, and does not violate any constitutional prohibition."

Three dairies: the Lincoln Dairy Co., Hebron Dairy, and Spring Creek Dairy, have appealed a Lancaster District Court decision in a suit they brought against the State Department of Agriculture and Inspection which enforces the Grade A milk law.

The dairies, all producers of Grade C milk, have questioned the constitutionality of the law which forbids the sale of any milk other than Grade A.

Assistant Attorney General John E. Wenstrand said in the brief Tuesday that the Lancaster District Court "has very carefully considered the appelants' petition and has twice concluded that it fails to state a cause of action," and requested that the lower court decision be sustained.

Prince Dies

Charlotte, N.C. (AP) — Cecil Prince, 37-year-old award-winning associate editor of the Charlotte News, died in a Charlotte hospital.

County Will Ask $429,355 For Hospital

Lancaster County officials are expected to file a request for $429,355 in federal hospital funds Wednesday with the State Health Department's hospitals division.

The funds would be used to help build the proposed Lancaster County Convalescent Hospital adjacent to Lincoln General Hospital at 2315 So. 17th.

The remainder of the cost of the $1,245,650 structure would come from county funds. The county share will be about $816,295, most of which is expected to come from existing county inheritance tax funds.

Voters approved using the inheritance tax funds for this purpose at the May 10 election.

The State Hospital Advisory Council will meet early in June to act on requests for the state's allocation of federal hospital funds.

Faulkner Fire Damage Heavy

A fire at the E. J. Faulkner home at 4100 South Tuesday afternoon caused considerable damage to a second floor bedroom, firemen reported.

The walls, ceiling and furnishings of the bedroom were burned but the blaze was confined to the one room.

A misplaced cigaret was listed as a possible cause of the fire. No dollar estimate of the loss was set.

Women hold nearly 40% of the 81,000,000 driver's licenses issued in the United States, according to the Automobile Manufacturers Assn.

The Presbyterian Church in Port Gibson, Miss., has a high steeple topped by a giant iron hand with its forefinger pointed to heaven.

Americans bought 69 billion dollars of life insurance policies in 1959, says the Institute of Life Insurance. This is more than 3 times the purchases in 1949.

The Dutch were first to settle in Delaware in 1631. Indians drove out the Dutch; then the Swedes and Finns came in to make permanent settlements.

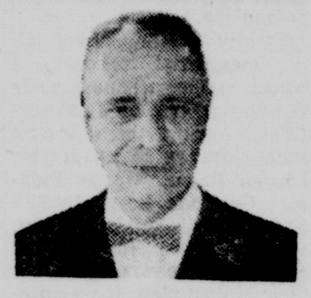
RAMBLER SALES SET RECORD

In April more people bought new Ramblers than ever before in history. (47,256, to be exact.) There are good reasons. ☆ Rambler quality is highest. For example, only Rambler bodies are submerged to the roof in a special rustproofing primer paint to protect hidden surfaces. ☆ Rambler prices are lowest. Rambler American prices start $117 below any other U.S.-built car (based on manufacturers' suggested factory delivered prices.) ☆ Official used car guides show Rambler is tops in resale value. ☆ Rambler offers greater customer satisfaction. Ask any Rambler owner. ☆ Only Rambler offers all 3 types of compact cars... 33 models, including 17 station wagons... 3 wheelbases... 4 engines, 6s and V-8s. ☆ See your Rambler dealer today. He has a quality-built Rambler to suit your needs.

These owners tell why thousands a week switch to Rambler!

WHY MELVIN F. LANPHAR TRADED IN A BIGGER CAR FOR A RAMBLER

"*Now I can park anywhere*"... writes Mr. Melvin F. Lanphar—prominent mortgage-banker of Detroit, Mich. Mr. Lanphar traded America's best-known luxury car for his first Rambler, now has a 10-car fleet. "My Rambler rides easier... and I don't get a backache driving it. I like the extra mileage. My big car used to cost hundreds of dollars a year for repairs; my Rambler only $51 in 30,000 miles."



WHY NORMAN C. BERNHARDT TRADED IN A SMALLER CAR FOR A RAMBLER.

After driving a small foreign car for 17,000 miles, Mr. Norman C. Bernhardt, of Elma, N. Y., found that repair bills "more than ate up" the amount he saved on gas, so he traded for a Rambler American sedan. "My Rambler," he writes, "is the first automobile I ever owned that, at the new car inspection periods, there was no inspection needed. No rattles, no adjustment—just grease and oil."

WHY MARY LEONA McCARTHY TRADED HER RAMBLER FOR A RAMBLER

"Prior to the purchase of my American, I was driving a '52 Rambler hardtop, and it, too, served me well," writes Mrs. James R. (Mary Leona) McCarthy, busy editor of two weekly papers in the Cincinnati area. "I require a car that I can depend on... that's economical, easy to handle and looks sharp. Rambler answers all these qualifications. My husband says his next car will be a Rambler."

Rambler Cross Country
6 or V-8... 2- or 3-seat models

TOP QUALITY AT AMERICA'S LOWEST PRICE
$1795
Manufacturer's suggested delivered price for Rambler American Deluxe 2-Door Sedan at Kenosha, Wisconsin. State and local taxes, if any, automatic or overdrive transmission, white sidewall tires, and optional equipment, extra.

Few Oppose LAFB To York-Hamilton County Interstate Route

By Don Walton

Seward—Only slight opposition was voiced Tuesday to the proposed Interstate Highway segment from the Lincoln Air Force Base road west of Lincoln to the York-Hamilton County line.

A public hearing on the Department of Roads project was held here by the State Highway Advisory Commission.

Some 120 persons affected by the 55-mile route crowded into the hearing.

Only about a dozen testified.

Change Suggested

The single major change suggested in the segment's plans was construction of an interchange north of Beaver Crossing to provide direct access to and from the superhighway.

An interchange south of Goehner (3 miles east and 2½ miles north of Beaver Crossing) is programmed to handle that traffic.

Jay Dunlap, representing the Beaver Crossing Chamber of Commerce, Grange and American Legion chapter, noted that "we are the only town of any size without an interchange" on the route.

Cost of each interchange averages about $314,000.

Overpass Suggested

Other suggested changes included various shifting of overpass roads near Goehner, Utica and Waco.

School bus traffic, cattle crossings and well locations also came in for discussion.

Acting State Engineer John Hossack personally answered most of the questions with the aid of various department personnel.

Hossack said construction along the route would probably not begin for at least 4 years. The Milford corner portion east to Lincoln might get an earlier start, he noted.

Almost Straight

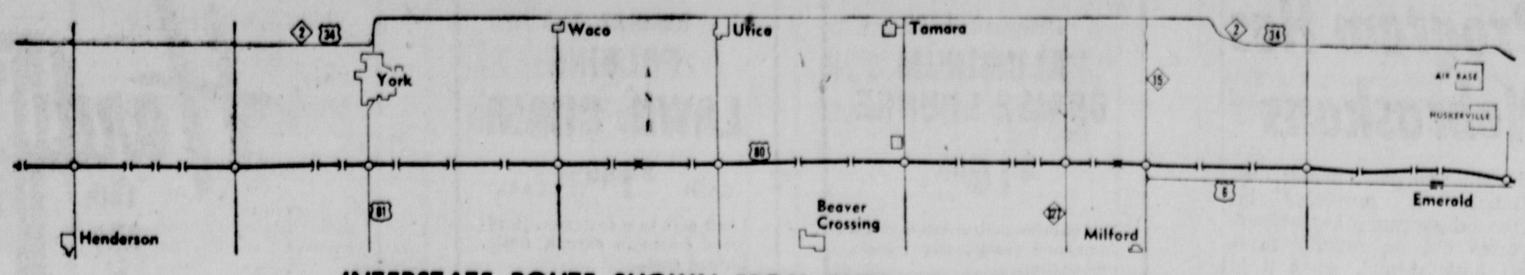
The Interstate segment is almost straight from the Air Base interchange west past York except for a slight bend around Emerald and one west of the Milford corner.

The route passes through no communities, although it edges within 2½ miles of York and 5½ miles of Seward.

Ten interchanges are programmed.

Following the hearing, the Highway Commission will decide whether to approve the route.

If it does, approval of the governor and the Federal Bureau of Public Roads is then required.



INTERSTATE ROUTE SHOWN FROM EMERALD WEST (Star Map)

'No' Position Shifts Result From Canvass

The official canvass of the Lancaster County May 10 primary election vote made no changes in the position of candidates from the earlier, unofficial tabulations.

Election Commissioner Fred J. Cassidy filed the results of the official canvass Tuesday with the Secretary of State's office.

The total vote was 35,829. The breakdown was 13,227 Democrats, 22,226 Republicans and 376 non-partisans. The turnout fell just short of the record high primary vote of 36,630 set in 1952.

Of the 35,829 county total, the vote in the city precincts totalled 31,539. This represented a 58.8% turnout of Lincoln's registered voters.

Cassidy said 735 absent and disabled ballots were returned out of the 778 sent out.

Official election results include the May 10 poll vote and the absent and disabled vote.

The official results with the names of the nominated candidates shown in bold-face type are:

REPUBLICAN TICKET

United States Senator
Carl T. Curtis 17,389

Governor

Plymouth Voters OK Purchase Of New Fire Truck

Southeast Nebraska Bureau

Plymouth — Voters approved a bond issue for the purchase of a new fire truck by approximately a 2-1 margin.

The actual count was 108 in favor of the proposal and 56 against, according to Mayor Ed Jacobs.

Fire Chief Ray Hagemeier said the new truck would probably cost from $12,000 to $14,000. The bond issue proposal had been for a slightly larger sum, but included a new well and water pump which have already been installed after an emergency was declared.

The town's only fire protection has been a motorless hose cart improvised from an old Model T chassis.

Midas Pictured As Step Toward Easing Tensions

Washington (AP) — The State Department pictured the new American Midas satellite as a step toward easing international tension and of potential use in supervising disarmament.

Press officer Lincoln White gave this view when asked about an East German complaint that the Midas satellite launched from Cape Canaveral, Fla., wae an insolent provocation by the United States.

The German Communists made this assertion even though the satellite was not aimed at a course which would take it over their territory or over Russia. Its path covers territory 28 degrees north and south of the equator.

White told newsmen:

"This satellite is the most recent of the series of service satellites for a variety of practical purposes under development by the United States.

"If successfully developed, this specific application of satellites would represent a logical extension of the type of capability the United States has established in the distant early warning line and the ballistic missile early warning system which exert a stabilizing influence by helping to discourage surprise attack."

Nehru Visits

Beirut, Lebanon (AP)—Prime Minister Nehru of India arrived for a two-day visit.

GOP County Chief After Second Term

Republican County Chairman Russell Brehm announced Tuesday that he will be a candidate for re-election to a second term as party chief.

Brehm was first elected in 1958.

James Ackerman will also seek re-election as party secretary as the county convention in Lincoln Thursday.

Carl Joins Cooper

Meanwhile, it was announced that Sen. Carl Curtis will join GOP gubernatorial nominee John Cooper on the speaking platform at the party gathering.

Cooper will keynote the event.

Brehm, former Lancaster County commissioner, is expected to attract little, if any, opposition at the GOP conclave.

Chicago Goes Legit

Chicago (AP) — For the first time in several decades Chicago is to have a new legitimate theater. The second floor of the two-story theater will be a 300-seat playhouse. The first floor will be a salon with a night club set-up to provide entertainment, dancing and refreshments.

Owner Stops Paving Plan

The county's plans for paving 66th St. from O St. north to the Missouri Pacific Railroad tracks have been halted by an owner of property along the 4-block stretch.

County Engineer Louis Weaver told the County Board Tuesday 5 property owners along the route agreed to deed to the county land needed along the right of way for the paving, but a sixth property owner refused to do so unless he was "guaranteed" the strech would be paved.

Weaver said it was probable that funds would have been available for the project but that the county could not "guarantee" the man the stretch would be paved, so the project has been dropped.

In other action, the board accepted the $9,061 bid of the Pioneer Paving Co. for paving 500 feet of No. 33rd St. south of Cornhusker Highway.

Novel To Be Play

New York (AP) — The Alan Drury novel, "Advise and Consent," which won the Pulitzer Prize this year, is being adapted for the stage by Loring Mandel. Broadway premiere is scheduled next November.

Vote Abstracts In From All But 3 State Counties

Vote abstracts were in Tuesday from all but 3 counties: Garfield, Knox and Morrill, for tabulation by the Secretary of State's office for the state's official canvass of the primary election.

Abstracts were received Tuesday from the state's two largest counties, Douglas and Lancaster, and from Johnson and Phelps counties.

The state canvassing board, made up of the governor, attorney general, secretary of state, auditor and treasurer, will meet next Tuesday to canvass the vote and announce the official results of the May 10 primary.

No Comment

Jakarta, Indonesia (AP)—Army authorities imposed a ban on editorial comment on the collapse of the Paris Summit conference. The state-owned radio said the ban was needed in order to create an atmosphere of easiness.

EXTRA PAY FOR ENCYCLOPEDIAS

Take a long, hard look at "free" encyclopedia offers.

Every year thousands of Americans contact BBBs on encyclopedia deals. The prospective buyer, the deal goes, was "specially selected" for an unusual offer. If he will buy, at "regular prices, such side features as reference books, year books, children's books, dictionaries or research services, the encyclopedias will be given free. Sometimes "special" prices are offered for testimonial letters supposedly for use as advertising.

The prices on side features have been found sufficiently high to cover encyclopedias, also.

Commodity Distribution Program Has Long Service To Many Nebraskans

By Karen Kenney

The Nebraska Commodity Distribution Program, developed to meet the needs in this particular area, has resulted in one of the most economical and efficient systems now in use anywhere in the nation.

Nebraska is one of the few states that has had an uninterrupted Commodity program since it began in 1933. It is one of the most versatile activities to come of that period—and one of the few to survive.

Nebraska's program began with aid to 12 state institutions, and has now grown into a sizeable operation with more than 150,000 participants.

The secretary of agriculture determines the general groups of persons eligible to receive donated food. The state distribution agency then decides the organizations which meet the requirements specified.

Special Purchases

The United States Department of Agriculture acquires food for this program through special purchases for schools participating in the National School Lunch program; through purchases under the surplus removal program; and acquisitions as a result of price support operations.

Total tonnage for a 9-month period, beginning in September of 1959, for all commodity distribution divisions was 2,939,222 lbs. of food, at a retail value of $1,204,312.

This great amount of food is accounted for in the distribution to 4 separate groups served by the commodity program:

1. Public and parochial schools.
2. Non-profit, non-penal institutions.
3. Indian tribes on reservations.
4. Non-profit summer camps for school children.

Serves 572 Schools

The school lunch program, which serves 572 Nebraska public and parochial schools, and nearly 101,200 students, has priority in the issue of price support and surplus removal items.

Aside from special purchases, food commodities issued to schools include canned vegetables and fruit, frozen meat and poultry, cheese and butter, and such staples as flour, rice and corn meal.

Nearly 980 Indians from 4 reservation tribes, and more than 12,580 residents of charitable institutions, are served through this program in Nebraska.

Five commodities — rice, dried milk, dried eggs, lard and white flour—are procured for reservation Indians and such institutions as old-age homes, orphanages and county homes.

Summer Camps Added

The summer camp program is the newest addition to the commodity distribution plan in Nebraska. This program has, in recent years, served about 30,000 children in 106 camps. Foods currently made available to these camps, sponsored by churches, Y-groups and other non-profit organizations, are rice, dried milk and dried eggs.

It is important to note that participation in the commodity program is on a voluntary basis only. Any school, institution or agency may withdraw from the program at any time. Withdrawals are extremely rare, usually the result of consolidation of groups.

Operation of the distribution program can be seen as a necessary aid to economy, in that it helps farmers relieve their markets of burdensome surplus; it aids consumers by providing increased consumption of surpluses outside regular market outlets; and, when it is practical, makes high quality food available to school children and others.

The program should not be seen merely as "giving away" surplus commodities, but is actually designed to stabilize our economic system, distribution officials add.

AND IT TASTES GOOD, TOO!

Pupils at Lincoln's Pershing School are among the school children who benefit through the commodity distribution program and the National School Lunch Program. (Staff Photo).

1500 To Attend Conferences At Doane College

Crete—Approximately 1,500 persons are slated to attend 12 conferences at Doane College this summer.

The Future Homemakers of America will be the first group to arrive. They'll meet from June 2 to June 4.

Other organizations:

State Sanitary Engineers and Plant Operators, June 6-9, Nebraska Congregational Women's Retreat, June 5-7, Nebraska Bankers Association, June 8-10, Nebraska Pilgrim Fellowship, June 12-16, Y-Teen Regional Conference, June 19-25, Kansas Congregational Women's Retreat, June 27-30, Nebraska Camp Farthest Out, a religious order, July 3-11; Evangelical and Reform Church Women's Guild, July 12-15, Nebraska Pilgrim Fellowship, Aug. 17-20, Kansas Planning and Training Conference, Aug. 22-26, and the Nebraska Congregational Laymen, Aug. 27-28.

The south all-stars will train at Doane from Aug. 9-21 in preparation for the Shrine high school football game later in the month.

Omahan To Head Peru Honorary

Peru — James Yeinek of Omaha has been elected president of Phi Alpha Theta, national honorary fraternity in history, at Peru State Teachers College. Jerry Wanser of Ewing will serve as vice president; Bill Fitzgerald, Genoa, secretary; Ted Kirby, Red Oak, Ia., treasurer; and Alan Wheeler, Stella, historian.

Award Winners

Hastings—Hastings College students, John Nies, Beatrice sophomore, and Lynn Ulrich, Platte, S.D., junior, were named as winners of the annual Dutton-Lainson history and political science awards.

ANGEL

By Mel Casson

"It's really the same thing. You have den mothers and you have top sergeants!"

Parsons Accepts New School Post

Weeping Water — Neal Parons, superintendent of schools at Shubert for the past 8 years, has resigned his position to take a similar position at Weeping Water, effective at the end of the current school year.

For two years during the late 1940s he was assitant coach in all sports at Nebraska Wesleyan, and then served as assistant freshman football coach at the University of Nebraska for one year. Later he served as athletic director and head coach at York College.

STATE STILL POLIO-FREE

Nebraska has passed another week without a polio case, the State Department of Health reported Tuesday.

This leaves the state with a clean slate this year compared to five polio cases at this time last year.

A case of animal rabies was reported the past week involving a dog in Lancaster County. This brought the number of animal rabies cases this year to 13 compared to 11 at this time last year.

Stan Delaplane's POSTCARD

"Then the warm girl, with a warm smile, takes your bare chest and puts it against a cold, cold plate."

"Why does she do that, Daddy?"

"I am not sure, son," I said. "Even in restaurants they warm the plate. But in the X-ray room, the photographic plates are made of some heat-resistant metal. Furthermore, it is your father's opinion that they keep these slabs of metal in a deep-freeze."

☆ ☆ ☆

Well, we have been going through what we refer to as "the annual checkup."

We have been poked and prodded. Flashlighted, tapped with rubber hammers—With a kick like that we can get you a spot on the Forty-niners," said the medico.

Our diet is inquired into. "I eat like a horse," I said. "Neigh, neigh."

"Very funny," said the medic without a smile. "Let's try the old blood pressure." He wrapped up my arm and pumped and listened. "Hmmm," he said.

I hate those "hmmm" things. I could mean ANYthing.

"Take this slip up to X-ray," said the doctor. Medicine is specialized these scientific days. (You could cut your throat and the stomach man would not touch you. "Out of my department. See Dr. Jones ear, nose and throat. Hours 3 to 5.")

☆ ☆ ☆

X-ray is a curious department of modern medicine. This is where we get the picture on the old pump.

"Take off everything down to the waist," said the lady in the white smock.

"My wrist watch, too?" I asked shyly. You know, you might want to know what time it is.

The lady slapped a pair of oversize calipers on my bare chest.

"Good heavens, girl! Those are cold."

"Now, now," she said soothingly. "Just step right up and put your chest against that plate. Chin up. That's right."

Ladies in X-ray, I have found, develop a false gaiety in their voices. Something like your own voice when you tell the child: "Wouldn't you rather play something else besides cooking the cat in the oven, dear?"

☆ ☆ ☆

Well, dear hearts, I can remember when we did not have annual checkups. We just took aspirin and said: "Maybe it will go away in an hour."

The medical men did not approve of this attitude.

Nowadays, I cannot pick up a magazine without reading about all the horrid things that are happening to me.

"Annual checkups are your best insurance."

I read that in my own insurance company ad. At first I could not see why they should downgrade their own insurance. But I imagine they are taking the odds on their bet.

Insurance is peculiar. You must pass to your reward under very special, fine-printed circumstances. The more you see the doctor, the less chance they will have to pay off. It is sound business.

☆ ☆ ☆

Anyway, back at the X-ray Ranch: There you are with something buzzing in back of you. And you think, "She probably turned it on and forgot to turn it off. I am probably well-done, already."

"Breathe deeply," she said. "Hold it!"

I tell you a man standing around in his pants, with his chest against cold metal, is in bad psychological position.

"You may dress now," said the smiling lady, switching off the current and stepping out of the lead box.

"That's that for one more year.

McNaught Syndicate Inc.

Nine Lucky Dogs

Roanoke, Va. (AP)—Nine beagle puppies, all from good canine families, won a 10-week study course on the campus of Hollins College for girls. Dr. Allen D. Calvin, associate professor of psychology, will teach them a course in discipline on a grant from the U.S. Public Health Service. They will live in air-conditioned, pine paneled quarters and eat a special diet.

Mail Is Late

Lincoln, Ill. (AP)—The Chicagoan who ordered an automobile horn from the Typhoon Signal Co. 46 years ago may be interested in knowing why his penny postcard failed to reach its mark. Its postmark read Aug. 25, 1914, and postal authorities said the card was found in a mail chute during remodeling of a building in Chicago.

Family Features

DEAR ABBY
Abigail Van Buren

DEAR ABBY: I love children and we have eight of them. On Saturday afternoons I go to town to do the week's marketing while my husband stays home and minds the children. I am never gone more than three hours, but when I return I find the children sleeping all over the house. The six-year-old told me that "Daddy gives us sips of his drink." This can be beer, wine or hard liquor. I asked him about it and he said it quieted them down and did them no harm. Will a few sips do them harm, Abby? I am worried.

MOTHER OF EIGHT

DEAR MOTHER: Your husband had better learn a few facts about the effects of alcohol on children AND the penalty for making at available to them. I mean sips, gulps or snootsful. Insist that he stop it. And send HIM to the store while YOU stay home and mind the children if he hasn't any better sense than that.

DEAR ABBY: I am a woman of 55 who has worked for the government in a civil service job for 25 years. I retired last September and now I think I am going to have to go back to work again in order to get some rest.

The reason is this: I have three daughters and a son. They are all married and raising families. Since I have "retired" I have been pestered to death to come and take care of this one's children and the other one's baby. They don't realize what they are asking. I get two and three calls a day: "Mom, can you run over and watch the kiddies for a few hours?" How can I say no when they know I am not working. Don't get me wrong, Abby, I love my children and my grandchildren, but I don't want to be a free baby-sitter seven days a week—and that's what I am. If you can think of a solution besides going back to work, please let me have it.

FREE SITTER

DEAR FREE SITTER: It's strange how some people can't say "NO" — but when they're stepped on they certainly can holler "OUCH!" You retired because you wanted to rest. Now stay home and next time you are asked to "sit" —unless it is convenient and you really want to — say "NO!"

☆ ☆ ☆

DEAR ABBY: I just read the letter from "DOG LOVER" who thought more of his dog than he did his relatives. Will you please send me his name and address? I think we are related.

ANOTHER DOG LOVER

ASK—
Dorothy Draper

To err in decorating is human but to live with your mistake is far from devine, it's ridiculous and may lead to all kinds of unhappy moments.

One woman bought two wing chairs. The minute she put them beside the fireplace she realized they were much too big and dwarfed everything else in the room. But did she take them back? No! It seemed like too much bother. So she kept them. They gradually became like personal enemies standing there so belligerently BIG, and though realizing it was HER mistake she began to get cross with her poor husband. To make a long story short, she got rid of them at a loss, and harmony was restored. But how much simpler it would have been had she admitted her mistake and returned them immediately.

When selecting wallpaper, it's a good idea to buy a whole roll and live with it for awhile before your final decision. Today with high taxes and what not, we can't$ afford many mistakes, but if you DO make one, don't live with it. Get rid of it and start over, you'll be happier and so will everyone else, including your room!

Mrs. W. B. T. asks:

"Could I do over a room without having it montonous looking?"

Dear Mrs. W. B. T.:

It could be quite enchanting. Think of how Mother Nature furnishes some of her dells in the light chartreuse of a willow tree in the spring to the dark, dark green needles of a pine. Of course you would need nature's accents of the red breast of a robin and the white of a summer cloud or the yellow of a cowslip in your accessories to complete your picture. It would be an exciting challenge.

Mrs. L. F. A. asks:

"I have been reading about bright jewel colors for furnishings with white walls? Do you think the contrast would be too great?"

Dear Mrs. L. F. A.:

No, I don't. It may be a bit startling at first glance but the effect can be quite delightful if you take good taste by the hand every step of the way.

"Be Your Own Decorator," a fascinating and most informative booklet by Dorothy Draper, is available to readers of this newspaper. Send 25 cents in coin and your name and address printed, care of this newspaper.

1 NT	Pass	3 NT	

Opening lead — six of hearts.

Many times when declarer is playing a contract of three notrump he is able to count nine winners even though they may not have been dealt as ready-made tricks. In such cases he establishes those tricks that he needs to fulfill the contract.

However, the tricks that require establishment will often have to come from two —sometimes three—different suits. When this occurs, the declarer may have the option of which suit to attack first, and the order in which he establishes the suits will sometimes turn out to be of crucial importance.

South was in three notrump and got a heart lead. He won in dummy with the ace and led the king of diamonds. East grabbed the ace and returned a heart. The jack lost to the queen and a heart return built up West's remaining hearts.

After running the diamonds declarer took a spade finesse in an attempt to obtain his ninth trick. When this lost to the king, West cashed two good hearts to defeat the contract one trick. South lost, in all, three hearts, a spade, and a diamond.

What declarer should have done was take the spade finesse at trick two instead of attacking diamonds. Against this play there could be no successful defense.

In the actual case West would have won with the king and found himself in a hopeless position. A heart return would go right into South's K-J and make life easy for declarer, while any other return would permit South to cash the ace of spades, force out the ace of diamonds, and take nine tricks consisting of two spades, two hearts, four diamonds, and a club.

Of course, if the spade finesse had succeeded at trick two, declarer immediately would have attacked diamonds to produce nine tricks.

Since the spade finesse had to be taken in any case, the proper suit to attack was spades, the advantage of the early spade play being that, if it lost, West would be on lead and harmless.

An August bride-elect, Miss Judy Carroll, was honored on Tuesday, May 17, at a luncheon and bridge party for which Mrs. J. H. Voerster was hostess at her home.

The guests included members of the hostess's bridge club. During the afternoon a canned goods shower was presented to the honoree.

Miss Carroll and her fiance, D. E. Cuttell, Jr., have chosen Sunday, Aug. 21, as the date for their wedding.

SUBURBIA

INDIAN VILLAGE

In pre-nuptial courtesy to June bride-to-be, Miss Karen Walker, her aunts, Mrs. Edward McWilliams, Mrs. LeRoy Cosier and Mrs. Deloss Hanneman, entertained at a dessert supper Tuesday evening at the home of Mrs. McWilliams. During the informal evening, the bride was presented with a miscellaneous shower by the 22 guests.

Miss Walker and her fiance, James Anderson, have chosen Saturday, June 4, for their wedding which will be solemnized in a three o'clock ceremony at the Southminster Evangelical United Brethren Church. And this Friday evening, Miss Walker's parents, Mr. and Mrs. Leonard Hanneman, will be hosts at a dessert supper to be held at the church following the rehearsal.

And the youngest member of the talcum powder set in Indian Village is Gregory Paul Schroeder, son of Mr. and Mrs. Barney Schroeder. Gregory, who was born on Tuesday, May 17, at Lincoln General Hospital, has a 17-month-old brother, Michael, and a sister, Stephanie, who is three years old.

The Rev. and Mrs. E. E. Schroeder of Minneapolis are the young man's paternal grandparents. His maternal grandparents are Mr. and Mrs. Paul Lofgren of Aitken, Minn.

COUNTRY CLUB TERRACE

A glance backward into the suburb's social calendar shows that Mr. and Mrs. Lee Adams entertained at dinner last Saturday evening. Their guests were Mr. and Mrs. Milton Bott and their children, Linda and Kevin. Mr. and Mrs. Bott and their family, who now live in Phoenix, arrived in Lincoln for a two-week stay. They plan to leave Saturday after visiting with Mrs. C. H. Shaw and Mrs. Elizabeth Bott.

Hostessing a farewell courtesy in honor of Mrs. William Coffey Jr. on Thursday morning will be Mrs. Melvin Andelt when she entertains at a coffee in her home. Mr. and Mrs. Coffey and their children, Bill III, Dallas, and Gretchen, plan to move to Omaha the first part of June.

And looking into the near future, namely the 4th of June, we find that a no-host supper will be given at the home of Mr. and Mrs. Marvin Feld. This farewell courtesy is planned for Mr. and Mrs. Joel Markell who will be moving to Los Angeles the middle of June.

PEOPLE—
Do Interesting Things

To those of you for whom the name of Ghana, the new nation on the Gold Coast of Africa, conjures thoughts such as "equator," "tropic heat" and "sub-standard living conditions," perish the idea because today's traveler to the former British protectorate needs to pack not boots and a pith helmet but a chic summer wardrobe with sweaters for the chill of air conditioning.

Busy with last minute preparations for a year's sojourn in Ghana is Miss Marine Frosh of New York City, formerly of Lincoln, who is visiting in town as the guest of her sister, Mrs. David Jacobs.

Formerly associated with the New York state employment division, Miss Frosh has been chosen by the International Labor Organization of the United Nations as a member of a group to set up a vocational guidance and employment service in Ghana working through the new nation's public school system.

Miss Frosh, who will go from Lincoln to Geneva, Switzerland, for a briefing session before proceeding to Ghana, has been instructed to bring a wardrobe suitable for formal occasions in the capital city of Akras, which has its full quota of modern hotels and private clubs accommodating the social life of the new government based on the traditions of the British colonial system.

A graduate of the University of Nebraska, Miss Frosh received her Masters Degree in vocational guidance at Columbia University, New York City, where she is a member of Kappa Delta Pi honorary education fraternity. Her taste for faraway places and intersting people has been acquired through travels in the West Indies and Europe.

Dance Held

Hosts and hostesses at a dance held at the Isaac Walton League club house last week end were Les Tyrrel, Larry Hubka, Art Scott, Miss Sheri Anderson, Miss Jessie Kerrey and Miss Raejean Dell.

Forty guests, all Northeast High School classmates of the hosts and hostesses, were invited for the 8 o'clock affair.

MADAM CHAIRMAN

MISS ERMA JEAN SCHONEWEIS

Mr. and Mrs. Fred Schoneweis of Adams are announcing the engagement and approaching marriage of their daughter, Erma Jean of Denver, to Leon G. Lawrence, Jr., of Denver, formerly of Lincoln. Mr. Lawrence is the son of Leon G. Lawrence of Craig, Mo.

The bride-elect and her fiance plan a Sunday, June 19, wedding.

Mr. Lawrence is a graduate of the University of Nebraska where he is a member of Delta Sigma Phi.

News Of Clubs, PTA's

The executive board of DEBORAH AVERY Chapter, Daughters of the American Revolution, will meet at 10 o'clock Friday morning at the Hotel Cornhusker.

This will be a joint meeting of both the newly-elected and immediate past board members.

Meeting Thursday evening for a 6 o'clock dinner and program will be the members of the LINCOLN BUSINESS and PROFESSIONAL WOMEN'S Club. The dinner will be held in the club rooms.

The members of the NORTHEAST FRIENDSHIP CLUB will meet for a 1 o'clock luncheon on Thursday at the home of Mrs. Richard Gettemy to celebrate the group's fifth anniversary.

During the informal afternoon, the club will elect new officers and will make plans for entertaining their husbands at dinner on Saturday evening at Gene's Steak House.

The monthly meeting of EVERETT PTA was held Tuesday evening at the school following a covered dish supper.

A program feature was a talk by William Bogar, principal of Lincoln High School. A demonstration square dance was given by a group from the Lincoln Council of Folk and Square Dance Clubs, and the unit's new officers were installed.

A program highlight of the Tuesday evening meeting of CLINTON PTA was a panel talk presented by a group of Whittier Junior High School students, all former pupils of Clinton School. Clinton sixth graders also participated in the evening's program.

Installation of PTA officers was held followed by a social hour.

Administration Warns Congress Against Tax Cuts

Washington (UPI) — The administration warned Congress Tuesday against writing any tax cuts into a pending bill to extend present high wartime tax rates on corporations and such consumer items as new cars, beer and liquor.

The taxes, which have been continued on a year-to-year are scheduled to expire or drop to lower levels on July 1. The tax loss would cost the treasury about $4,000,000,000 in annual revenues.

However, Congress is expected to pass before then the administration backed bill to extend virtually all of the taxes, which also affect passenger travel and telephone calls.

At Closed Meeting

The administration's hold-the-line plea was made by Treasury Secretary Robert B. Anderson and Budget Director Maurice H. Stans at a closed meeting of the House Ways & Means Committee.

Anderson and Stans also said the national debt ceiling will have to be fixed at a temporary level of $293,000,000,000 to operate the government in the fiscal year beginning July 1.

The present $295,000,000,000 temporary ceiling now is scheduled to drop to the permanent level of $285,000,000,000 June 30. The debt now is hovering near the 285 billion level.

The committee was expected to act Wednesday on a one-package bill incorporating an extension of the wartime tax rates along with the debt ceiling provision.

Warning against tax-cut amendments, Anderson told the committee that "piecemeal tax reductions" would rule out hopes for the $4,200,000,000 budget surplus President Eisenhower foresaw for the 1961 fiscal year.

Changes Postponed

He also said such action would also "tend to postpone" the day when Congress can consider more basic changes in the entire tax structure.

Stans told the committee the administration now expects to wind up the current fiscal year with a budget surplus about the same or "even slightly more" than the $200,000,000 forecast by the president in his budget message last January.

But he said "unfavorable circumstances" could turn the anticipated surplus for 1961 into "a substantial deficit"—even if wartime tax rates are extended.

He cited such variables as business conditions, congressional passage of non-budgeted spending bills, and its failure to take action on revenue-boosting measures. He specifically mentioned the proposal to boost postal rates.

Want Phone Tax Repeal

Some committee members want to allow the repeal of the 10 per cent tax on telephone calls to go into effect, as scheduled. But key members predicted that such a repealer would not get through the House.

But the measure is almost certain to have some tax-cutting provisions attached in the Senate.

The Senate voted last year to eliminate the telephone tax immediately and to halve the 10 per cent tax on passenger travel. These amendments were scuttled, however, by the Senate-House conference committee which worked out the final compromise.

AIRMAN FROM IOWA TO BE RELEASED BY REDS

Woodbine, Iowa (UPI) — "That's the most wonderful news I've ever had in my life."

That was how Mrs. John Lewis Garvin summed up her feelings on hearing the news that her son, Airman 2.C James Patrick Garvin, was to be released by the Russians.

Garvin, an airman from Stewart Air Force Base in Tennessee, was one of 9 Americans aboard the C-47 transport which was forced down by Soviet fighters in East Germany last week.

Soviet forces in Germany said Tuesday they will release the 9 Americans at a time and place picked by the U.S. Army. The notice came to the Americans from Col.-Gen. I. I. Jacobowski, Soviet commander in Germany.

"I want to thank you so much for calling and telling me the news," Mrs. Garvin told the United Press International. She said she had not yet had any official word from the U.S. government about the decision by the Russians.

Mrs. Garvin said she had not heard from her son since he left Stewart AFB on leave. When notified last Saturday that her son was one of those aboard the plane, Mrs. Garvin said she didn't even know he was out of the United States.

The notice from the government that her son was behind the Iron Curtain was an "awful shock," she said.

"I didn't even know he had left the base," she added.

Base officials said it was a usual thing for airmen to leave the base for flights to Europe. Garvin had requested a leave in Europe and had hitched a ride on an Air Force plane. He left the base May 4 and was due back June 5.

Head Publications

Fremont — Kenneth Wise of Buffalo, N.Y., and Linda Barkley of Altadena, Calif., have been named to head the Midland College school publications for the 1960-61 school year. Miss Barkley is managing editor of The Warrior, Midland's yearbook. Wise continues as managing editor of the student newspaper, The Midland.

CARMICHAEL

'ALL OUT' CELEBRATION SET FOR BRIDGEPORT JULY 2-4

Bridgeport — An "all out" celebration to mark Independence Day, the 60th anniversary of Bridgeport, the opening of Old Camp Clarke Bridge west of town in 1876 and the staging of the annual Morrill County amateur rodeo will be held here July 2-4.

The tentative program, as outlined by Cecil Rodgers, head of the Camp Clarke Days Assn., includes special church services, pioneer reunion and picnic, a parade, barbecue and two dances.

Other events include the crowning of a Camp Clarke queen, exhibits of old farm machinery, antique cars, covered wagons and Western style store fronts.

Among the organizations cooperating in the celebration are the Lions Club, Woman's Club, Eagles Lodge, Old Car Club of Bridgeport, sheriff's posse and the Morrill County Saddle Club.

Political Parties Set Post-Primary Meetings

North Platte (UPI) — Republicans and Democrats from Lincoln County will hold their post-primary county conventions here Thursday.

The Republicans will combine their meeting with a $10-a-plate fund-raising dinner.

Another Red 'Study'

Israelis Hold Nazi Butcher Of 6 Million Jews; To Try Him

Jerusalem (AP)—Adolf Eichmann, whose Gestapo wing is reputed to have killed 6 million Jews in Hitler's Nazi regime, was held under close guard Tuesday at a secret prison. The Israeli government plans to put him on trial for his life.

Reports from Bonn said the West German government would like to try Eichmann and a spokesman there said that in any case Germany will help Israel in preparations for Eichmann's trial.

Meanwhile, bit by bit, the story of the systematic mass killer's long years as a fugitive began coming to light. The Israeli government appeared reluctant to let the whole story emerge now.

15-year Hunt

The Israeli Secret Service caught up with the 54-year-old German after a search of 15 years. Premier David Ben-Gurion revealed his capture to parliament but gave no details. He is believed to have been seized abroad and brought to Israel.

Six months ago Eichmann was reported to have been seen in Kuwait, a Persian Gulf sheikdom, but officials said he was not captured there.

Eichmann was arraigned in a closed court in Jaffa before an Israeli magistrate.

He was told he was charged with causing the deaths of 6 million Jews and advised he could have a lawyer to defend himself.

The Israeli parliament abolished the death penalty two years ago except for treason cases and war crimes against the Jewish people.

From 1941 until the end of World War II, Eichmann was chief of the Gestapo's Jewish section.

No Reward

The chief of Israel's Security Services told newsmen that the drive to get Eichmann to Israel was carried out by Israeli agents alone. He added that no money was paid to any agents and no rewards will be given.

In New York, the national director of the Anti-Defamation League, Benjamin Epstein, said Eichmann was captured by Tuvia Friedmann, director of the Nazi War Crimes Documentary Center in Haifa, Israel.

"Earlier this year," Epstein said, "Eichmann had done a complete plastic surgery job on his face and burned all papers that might lead to his past. Then he had quietly slipped into Israel."

Authorities here gave this rundown on his career.

Joined In 1931

He joined the Nazis in Austria in 1931 and turned to Germany in 1933 with Hitler's Austrian Legion.

In the early '30s, he was at the Berlin Nazi headquarters compiling a card index on Free Masonry when he became interested in Jewish affairs and picked up a smattering of Yiddish and Hebrew.

Eichmann went to Palestine in 1937 to contact Arab rebels, but British authorities expelled him. He went to Cairo where he contacted the exiled mufti of Jerusalem, Haj Amin El Husseini.

The following year, Eichmann was appointed chief of the Jewish Emigration Office in Vienna. In 1940, he took over Gestapo's Jewish Investigation department in Berlin.

In 1941, he headed the office "for a final solution" in Berlin.

Black Knight Rocket Is Fired Successfully By British, Aussies

Canberra (AP) — British and Australian scientists Tuesday night successfully fired a Black Knight rocket in their space experiments at Woomera rocket range.

The second stage of the two-stage rocket sent the nose cone back into the atmosphere at over 10,000 miles an hour.

Australian Supply Minister Alan Hulme, who announced the firing, said recovery teams are on their way to the impact area to collect the cone for further research into re-entry problems.

Hulme said no attempt was made to reach maximum height of 500 miles, achieved in 5 previous firings.

IN THE UNITED NATIONS:

Britain, France Attack Russ Spy Plane Issue

United Nations, N.Y. (AP) — Britain and France lined up behind the United States Tuesday in attacking the Soviet Union for bringing the spy plane issue into the U.N. Security Council.

Statements by the U.S. allies and other delegates at the council foreshadowed certain defeat for the Soviet Union in its attempts to have the United States branded an aggressor for sending aerial spy flights over Russian territory.

There were these addional developments on the second day of the council's debate over the Soviet complaint against the United States:

1. U. S. Ambassador Henry Cabot Lodge laid before the council the full, dramatic story of the arrest of 11 Soviet spies in the United States since Prime Minister Stalin's death in 1953. It was contained in a 2,000-word statement circulated as an official council document.

2. Western support mounted for a resolution submitted by 4 small nations on the council calling on the Big 4 to resume negotiations on major East-West issues with the help of the United Nations.

The resolution by Ecuador, Ceylon, Argentina and Tunisia will probably come before the council on Friday.

Soviet Foreign Minister Andrei A. Gromyko told a reporter "we do not consider it helpful." But he did not say he would vote against it.

There was no direct mention in the council of the U.S. action sending up a Midas "Spy-in-the-Sky" satellite, but the fact that such satellites could gather espionage information was raised by several speakers.

Italy's Egidio Ortona declared the U2 spy plane incident on which the Soviet Union based its case appeared to have little significance if satellites are considered. The satellites, he said, "clearly have, or will soon have, enormously increased capacity for exploring or observing compared with airplanes."

What's A Tidal Wave Like? 30 Rumbling Trucks On Road

Hilo, Hawaii (UPI) — What is it like to be caught in a tidal wave? Here is the story of James Yamamoto, who narrowly escaped death, as told to Honolulu Advertiser reporter Gordon Morse:

"My wife, 18-year-old daughter Betty and I were at home watching television. We also had the radio on listening to the tidal wave alert.

"We didn't think it was urgent enough for us to leave. After all, the 1946 wave didn't reach our house.

"I remember going downstairs for something. I heard a rumbling sound like 30 trucks coming down the highway.

"I ran outside to see what was wrong. The water swirled around me and I felt myself going helplessly across the yard.

"Then it was deep. I couldn't touch the bottom. It was like being swept down a river.

"I kept smashing into things. I had to keep pushing away pieces of corrugated iron and timbers.

"Then I became exhausted. I went under about 10 times. I swallowed a lot of water.

"Finally I caught hold of a tree and held on until the water receded. I could hear people screaming and sobbing. Someone was crying for his mother.

"I yelled for my wife and Betty. I told them to stay in the house.

"Then I staggered into a house. I was naked and bleeding. Someone took me to the hospital."

Yamamoto's wife and daughter remained in the house and were not harmed.

Hoffa Sues NBC, Paar, Bob Kennedy

Detroit (AP) — Teamsters' President James R. Hoffa sued the National Broadcasting Co., Jack Paar and Robert Kennedy, for 2½ million dollars. He charged them with libel and slander.

Hoffa said he had been damaged by statements made on 4 Jack Paar television shows on which Kennedy was a guest. He listed them as on July 22 and 26, 1959, March 8, 1960 and May 5, 1960.

Kennedy is the former counsel for the McClellan committee which conducted an exhaustive investigation of Hoffa's activities. He also is a brother of Sen. John Kennedy of Massachusetts, Democratic presidential nomination candidates.

Hoffa's suit, filed in federal court in Detroit, charged a conspiracy by the defendants to "ridicule, degrade, defame and humiliate Hoffa as being unworthy of holding office or membership in the Teamsters' International . . . They portrayed him (Hoffa) as perpetrator of a fraud on the American labor movement, thereby generating and stimulating hatred and creating a public clamor for punishment."

Minimum Wage Accord Nears

Washington (AP) — A House subcommittee apparently edged a bit closer to agreement on legislation to raise the minimum wage. But Republicans blocked the Senate Labor Committee from taking up the questions.

The deeply divided House Labor Subcommittee has been grappling with the minimum wage issue since March. It went behind closed doors in an effort to agree on some kind of bill to place before the full labor committee Thursday.

Reports of the meeting indicated substantial agreement centering around an increase in the $1 minimum wage to about $1.15 an hour and extension of the coverage to take in an additional 4 million workers.

Early Morn Mowing Lands Mrs. In Jail

Santa Barbara, Calif. (UPI) Neighborhood complaints that she trimmed her lawn with a power mower too early in the morning had Mrs. Orville E. Brady serving 15 days in city jail.

Mrs. Brady was arrested April 20 on the complaint of neighbors who told police she created a disturbance by mowing her lawn at 6:30 A.M.

The defendant pleaded guilty to the charge before Municipal Judge Frank Kerney but refused to explain her actions to the court's satisfaction and the jail term was handed down.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key number left to right. Then read the message the letters under the checked figures give you. Giants Return To 1st

Philadelphia (AP) — Sam Jones Tuesday night pitched the San Francisco Giants into first place in the National League with a 4-0 shutout over the Philadelphia Phillies as he won his first road game in 6 starts.

The victory, coupled with Pittsburgh's 4-2 loss to Los Angeles, moved the Giants 8 percentage points ahead of the Pirates.

Jones pitched a fine game, giving up only 4 hits and not issuing a walk. He retired the last 15 men in order to make his record 5-3.

With Jones' shutout, it marked 29 1-3 successive innings now that the Phillies haven't been able to score against the Giants. It also was Jones' second shutout against the Phillies this year.

San Francisco jumped off to a one run lead in the first when Don Blasingame walked, took second on a wild pitch and scored on Willie Mays' double to center.

The Giants added another in the 3rd, then iced the game with two more in the 8th.

SIECK THROTTLES COWBOYS

Knights Grab Class A Title

...CENTRAL CITY 'B' KING

By Al Beebe

Lincoln Southeast, behind the pitching and batting of Keith Sieck, defeated Boys Town, 3-2, Tuesday to win its second State Baseball championship in 3 years.

Central City put on a 6-run inning rally to down Pius X, 8-4, for the Class B championship.

Southeast pushed across a run in the bottom of the 6th to get its winning margin, and Sieck then fanned the side in the 7th. Sieck whipped his fast ball past 15 Boys Town batters, allowing 4 hits.

Sieck opened the 6th with a long double to the left-center fence, and moved to third on an infield out. But Sieck was tagged at home trying to score on Denny Puelz' squeeze bunt.

A combination of Jack Griffin's single and a pair of errors—the decisive miscue by Cowboy pitcher Roy Burns—allowed Puelz to come around for the winning tally.

Sieck also opened SE's 2-run 4th with a single. Two more errors, Puelz' long sacrifice fly and a single by Wayne Kubert got the runs.

Sieck's own wildness contributed to Boys Town's first run in the 4th. A walk, stolen base, wild pitch and catcher Gary Thomas' overthrow on a return of the ball to Sieck scored the run.

Jim Bishop's double and Dave Dirkx' single got another BT run in the 6th.

Gene Graff was coasting with a 4-2 lead over Central City when the roof caved in. Winning pitcher Jack McMahon's double with 2 aboard pepped the rally, which was continued against Joe Gaughan.

Four of the 6 Central City runs in the inning were unearned as 4 walks, two errors, two wild pitches and a balk helped out.

Central City was outhit by Pius, 5-4.

In first round Class A games, defending champ Boys Town nipped Omaha Cathedral, 4-3, and SE downed Omaha Westside, 7-4.

Texas, Houston To Have Playoff

Dallas (AP)—Texas and Houston meet at Austin May 31 in a "sudden-death" playoff to determine which meets Arizona in the District 6 NCAA baseball tournament.

Date and site were announced Tuesday by Alex Hooks, baseball coach of Southern Methodist and district selection chairman.

Texas copped the southwest Conference title, and Houston defeated Cincinnati to take the Missouri Valley Conference crown.

NO. 700 IN A ROW FOR LITTLE NELLIE

Chicago White Sox second baseman Nelson Fox (left) gets ready for Tuesday night's game against Baltimore's Orioles, little Nellie's 700th straight contest in a Pale Hose outfit. With him was the Chisox' Ted Kluszewski, whose .406 batting mark is best in the majors.

Albers Sets Marks As Hastings Leads

...TIGERS EDGE OUT COLUMBUS IN GI RELAYS

HOW THEY SCORED

Hastings	70 9/10	G. Island	47 13/20
Columbus	68 9/20	O. Westside	35
Kearney	61		

Lincoln Star Special

Grand Island — Dennis Albers snapped records in the high jump and pole vault as Hastings nipped Columbus for the title in the 10th Grand Island Relays Tuesday night.

The Tigers scored heavily in the field events, then held out against favored Columbus' strength on the track.

Columbus' reversal included an upset loss of the Discoverers' state 880-yard relay champions by Omaha Westside.

Behind Hastings and Columbus in the team race were Kearney, Grand Island and Westside in that order.

Four meet standards tumbled, including both shuttle hurdle marks.

Albers — the state's standout gymnast — high jumped 6 feet, vaulted 11 feet 11 inches and added an anchor leg on the Tigers' low hurdle shuttle.

Hastings finished 1-2-3 in the broad jump.

Summaries:

ON THE TRACK

400-yard high hurdle shuttle—1, Kearney (Dick McConnell, Jerry Lee, Joe Greeno, Bill Nickel); 2, Columbus; 3, Grand Island; 4, Hastings; 5, Westside. T—:53.2 (betters meet record of :53.6 set by Columbus, 1959).

Dodgers Tip Bucs From Top

Pittsburgh (AP)—The Los Angeles Dodgers knocked Pittsburgh out of the National League lead with a 4-2 victory over the Pirates Tuesday night.

The Dodgers, behind the 8-hit pitching of left-handed Johnny Podres, made it two in a row over the Pirates. The world champions now have won 3 straight, their longest streak of the season.

Gil Hodges' two-run homer in the second inning was the big blow for the Dodgers, who sewed up the victory with two unearned runs in the 5th.

—CHISOX 6-1 VICTIMS—

Barber Pitches Birds Into 1st

Chicago (AP) — Baltimore's high-flying Orioles took over the American League lead Tuesday night, defeating the Chicago White Sox 6-1 behind the 7-hit pitching of rookie Steve Barber.

A 5-run uprising after two were out in the 4th inning decided the outcome. The Sox dropped to 3rd place, 5 percentage points behind Cleveland which defeated Washington 7-2.

The Orioles managed only 7 hits off 4 Sox pitchers but 13 walks—7 off starter Herb Score—proved disastrous to the American League champions.

Barber, a 21-year old southpaw with a sinking fast ball, had the White Sox handcuffed. He walked two and struck out 5.

Chicago's only run came in the 6th on a leadoff triple by Minnie Minoso and an infield out by Ted Kluszewski. The victory was the 4th for Barber against one loss.

CALL IT A DEAD HEAT

An official track photo here shows Riverside (6) and Snowcapped (7) in a dead heat for first place in the 4th race at Aqueduct Racetrack, New York City, Tuesday. Snowcapped returned $3.40 to win. Riverside's win was worth $3. The race was a 6-furlong event for 3-year-old fillies.

—CHIEFS EDGE FOX CITIES—

Surge In 8th Nets 6-5 Win

...SECOND STRAIGHT VICTORY

By Don Bryant

Fortune indeed smiled upon the Lincoln Chiefs Tuesday night at Sherman Field as they almost miraculously took a 6-5 victory over first-time-in Fox Cities.

Skipper Ira Hutchinson laddibucks saw their lead vanish in the 7th inning as the Foxes sent starter Al Madigan to the showers and hopped on reliefer Ron Moeller for a 5-3 margin.

But the Chiefs galloped back into the fray in the 8th—which featured a near bit of fisticuffs during a hassle — to plate 3 runs and sew up the win, their second in succession.

The same clubs square off tonight at 8:15. It will be National Guard Night, with various military displays and a helicopter flight into the ball park — all accompanied by band music.

Al Brice, a 1959 veteran, will make his first appearance for Lincoln since arriving from Charleston.

Chiefs Lucky

Lincoln's 8th featured some hustling on the part of Pug Williamson and a king-size portion of luck.

Dean Look started with an infield single and with one out, Al Avarez walked. FC Manager Earl Weaver then summoned Dick Hunt to succeed Jim Lehew, second Fox chucker.

Pinchhitter Williamson then drilled a single to left to make it 5-4. After Al Weis popped out, Gary Johnson drew his 4th consecutive walk to load the bases.

Don Buford bounced a slow hopper between first and second that almost got through to the outfield. But FC second baseman Photi Anthony finally speared the ball — Alvarez had scored to tie it up, 5-5 — wheeled and fired toward home.

Pug All The Way

Williamson, who never slowed a step, had rounded 3rd and slid across the plate, a second before the tag, with the go-ahead run.

Bob Gruber came on to pitch the 9th for Lincoln and save the win for Ron Moeller, who was the pitcher of record when the Chiefs went ahead.

Ironically, Moeller had been ripped pretty good in the Fox Cities' 7th when the visitors zoomed ahead.

After Madigan yielded a double to open the frame, Moeller came in to strike out Anthony, but was tabbed for 3 hits and a pair of go-ahead tallies.

Lincoln tallied two in the first on Weis' double and Johnson's single, and the Chiefs got a singleton in the 4th when FC starter Chuck Symeon wild-pitched in Chris Salberg.

Madigan walked himself into trouble in the second and it cost him a run, while Bobby Saverine's triple and Pete Ward's single in the 5th, pulled the Foxes up 3-2.

Lincoln was particularly fortunate to escape unscathed, considering the fact that Fox Cities left 15 runners stranded and collected 14 hits off the 3 Lincoln pitchers.

Smoke Signals... The Chiefs collected 11 hits and left 10 stranded, while Fox Cities got 14 hits and left 15 runners on base . . . Hutch kicked up a fuss in the Lincoln 8th, claiming Fox pitcher Lehew—a submarine sidearmer—was pitching ahead of the rubber. When Weaver and FC catcher Cal Ripkin joined the hassle at the mound, the Fox bullpen corps raced on the scene and both dugouts were ready to charge . . . It was Ladies Night, and as a surprise, the gals were presented with free roses.

Sports Editor, The Star

Fast Starter

Vern Hoscheit, new president of the Three-I League, is a man of action.

At least he didn't waste any time stirring up the loop after succeeding Hal Totten, who headed for Dixie to skipper the Southern Association.

In his latest league memorandum, Hoscheit announces several changes, starting with:

"The Hidden Ball Play is NOW legal in our league under these conditions—As long as the pitcher is not on or touching any part of the dirt that constitutes the mound, and in no way deceiving the base runner, such as dusting his glove with the resin bag, etc."

Apparently remembering his umpiring days, as well as his playing days, Hoscheit has ordered another innovation.

"Umpires will not be able to use signals: It is my feeling that when there is reasonable doubt in his mind or violation of the rules is alleged, an umpire by prearranged signal with his partner may ask his partner's assistance. At no time must the umpire divulge his signal to a manager, player or coach to satisfy a protest or curiosity. THIS WILL BE FINAL."

Stand By

Prexy Hoscheit's next ultimatum may please the fans and sports writers who prefer short contests to the long, drawn out affairs that frequently plague the loop.

But I can hear some bellows coming from players and field managers, not to mention the umpires who must decide when a violation has been made.

Here's the edict that may set the managers to buzzing like mad hornets:

"Far too many conferences on the mound: So from this day forward (May 23) any player going to the mound to talk with the pitcher will constitute a time to the mound, with the exception of the catcher, who receives permission from the umpire to go out for the purpose of checking or changing signals. Our league rule No. 29 states no manager may delay a game to confer with his pitcher, directly or indirectly, more than once an inning. This applies to playing manager or non-playing managers alike. Violation of this rule requires the automatic removal of the pitcher from the game."

Visualize the rhubarb which would ensue if a pitcher was ousted from the game because the shortstop, for example, trotted into the mound to "settle him down" twice in an inning.

But that's the new rule and it will be interesting to see how it's enforced. And watch for the hidden ball play, too!

Sidelights

It comes as no surprise that **Oklahoma** is mad because the **Big 8** refused permission to make the **Hawaii** whoopee cruise in 1961. The Sooners have been making the 11th-game-in-place-of-a bowl-trip **(banned by the NCAA)** the No. 1 talking point in their recruiting spiel . . . **Dave Davis,** the wandering shotputter who starred at the State Track meet, didn't make his goal last Saturday, but he came close. Davis told **Manny Iseman,** the Fremonter who "found" him, that he would like nothing better than to toss the shot further in the workout at NU than the winning distance at the **LA Coliseum Relays**—which he skipped. **Dallas Long** won the event at LA with a 63-5½—bettering Parry O'Brien's world record of 63-4—while Davis tossed the 16-pound shot 62-7½ in Lincoln, minus competition. Incidentally, the bally-hooed shot put clash between the Big 4 didn't come off at all—and Davis wasn't the reason for the flop. Also no-shows at LA were O'Brien and Bill Nieder.

Jesifers, Juniors Win Pentathlon

Juris Jesifers took individual honors for the 3rd straight year, and the juniors won the class crown, in the Lincoln High pentathlon competition Tuesday.

Jesifers totaled 3816 points. Junior Bobby Williams had 3617, and senior Jerry Jacobs 2708.

Jesifers and Williams both set new records. Jesifers had a 15.5 flight of high hurdles, and Williams ran a 22.6 220 dash.

The pair also turned in two other top marks. Jesifers vaulted 11-11, and Williams, state sprint champ, turned to the 880 with a commendable 2:04.2.

Mossi-Maxwell Duo Set Back Yanks, 4-0

Detroit (AP) — Don Mossi tamed the New York Yankees with a 4-hit shutout and Charlie Maxwell supplied the home run power in Detroit's 4-0 victory Tuesday night before 34,489 spectators.

The crafty lefthander, cutting the corners with one curve ball after another, allowed only two men as far as 3rd base. It was his second victory of the season, both of them shutouts.

He yielded a second inning double to Elston Howard, a bunt single in the 6th and a pair of two-out singles in the 9th.

Maxwell, restored to the lineup Sunday after a 10-day benching, socked a 3-run home run in the 5th inning off ex-Tiger Duke Maas. It was Maxwell's second home run in two games.

Detroit collected 7 hits against 2 New York pitchers, winning its 3rd in succession and its 9th in the last 13 games.

Starter Billy Short, who left in the 5th inning when he strained his elbow, was the loser. He gave up a first inning run on a walk, a wild pitch and Al Kaline's single.

Short allowed Chico Fernandez' single before he departed in the 5th. Maas walked Neil Chrisley before Maxwell put one into the upper deck.

Throneberry Propels A's Past Bosox 6-2

Kansas City (AP)—Marv Throneberry, the forgotten man of the Kansas City Athletics, came off the bench Tuesday night and hit a home run, triple and a double as the A's tromped Boston 6-2 and mired the Red Sox deeper in the American League cellar.

Bud Daley, the A's star lefthander, profited by Throneberry's slugging and picked up his 4th victory as compared to two losses.

The defeat was saddled on Dave Hillman (0-1) who started and went 3 2-3 innings before being followed by Tom Borland and Mike Fornieles.

Throneberry played no favorites. He hit the triple off Hillman, the double off Borland and the homer off Fornieles.

The lefthanded first baseman had been used principally as a pinch hitter after being traded from New York to the Athletics and had batted only 17 times for an average of .176.

Manager Bob Elliott started him at first base and shifted Norm Siebern to the outfield, benching Bill Tuttle, regular center fielder.

Throneberry, who batted in 3 runs and scored 3 himself, started Hillman's downfall in the 3rd inning with his triple.

It was Boston's 10th defeat in a row.

Mudcat's Job Tips Senators

Cleveland (AP) — Jim (Mudcat) Grant gave up only 4 hits in pitching the Cleveland Indians to a 7-2 victory over the Washington Senators here Tuesday night.

Jim Lemon hit a two-run homer in the 9th inning to account for Washington's runs. It was his 10th of the season.

The victory, which gave Grant a 2-1 record for the season, was his 12th straight without a loss over the Senators since he entered the majors.

Night Ball's Silver Anniversary Juiced

Cincinnati (AP) — Rain Tuesday night washed out the Cincinnati Reds' plans for an observance of the 25th anniversary of the first major league night baseball game. But the show will go on tonight — 24 hours late — if the weather permits.

FREE DRAFT IS REQUEST

New York (AP)—The Continental League Tuesday recommended that the Kefauver Bill substitute an unrestricted player draft for a clause that would limit control to 100 players by each major league baseball team.

Bill Shea, founder of the proposed 3rd major league, announced the recommendation at a press conference.

He said that commissioner Ford Frick and minor league head George Trautman had testified last week before the Senate anti-monopoly subcommittee that an unlimited draft would be acceptable to the major leagues.

4 SENIORS EARN NWU NUMERALS

Seniors Gary Hofmann of Wahoo, Dean Sell of Lincoln, Dean Pedersen of Hardy and Bob Busteed of Elgin were among 24 Nebraska Wesleyan track athletes honored with letters Tuesday night.

Plainsmen Coach Woody Greeno revealed Hofmann, middle distance runner, as the outstanding senior on the squad.

Other awards went to Tom Whiddon, Humboldt, outstanding freshman; Larry Bartels, Beatrice junior, most valuable team member, and Art Freiberg, Stanton junior, most improved squad member and the team's outstanding distance runner.

Remainder of the lettermen:

Rod Bartels, Rich Carlson, Dave Crawford, Tom Evans, Merle Faubel, Dave Hellbusch, Tony Herman, Don Johnson, Tom Kuhn, Roy Lagerblade, Dan McCord, Paul Martin, Dick Miller, Hart St. John, Charles Trautman, Fred Uhlrich, Warren Woods.

BIRDS PAY BONUS

Baltimore (AP) — Robert Holton Clem, southpaw-hitting outfielder at Florida State University, Tuesday, accepted a bonus for signing with Baltimore's Orioles.

North Platte Reservoirs To Be Tops In Angling?

Best holiday fishing in Nebraska will be in the North Platte reservoirs — if the weather holds, the State Game Commission reported Tuesday.

Maloney and McConaughy reservoirs in the North Platte area are showing the best angling in several years, the commission said.

Harlan, Medicine Creek, Swanson and Enders are yielding good catches of crappie.

Best walleye, white bass and northern fishing in several years is shaping up at Lake McConaughy, Conservation Officer Loron Bunney of Ogallala reported.

Three Kansans using an electrically-operated sonic fish finder to locate concentrations of fish took the best catch of white bass Bunney had ever seen at McConaughy.

Typical of the good fishing was the limit catch of Mr. and Mrs. Dick Sowerwine and daughter of Gering, who trolled 18 20-inchers.

"All indications are that walleye fishing in the North Platte reservoirs will exceed the fabulous catches of 1957," North Platte Law Enforcement Supervisor Sam Grasmick reported.

Maloney was a top producer, with limit catches going to many anglers. Twelve walleye averaging 17 inches were taken by Bernard Bolish and Ronald Lewis, both of Wellfleet.

Jeffery Reservoir yielded a 16-pound, 31-inch catfish to M. C. Harris of Hastings. John R. Hupfer of North Platte took two walleye at 20¼ inches from the Jeffery inlet.

Herm Schmidt of McCook reported, weather permitting, Crappie will run heavy at Medicine Creek Reservoir.

Schmidt warned against fishing from the high banks at the reservoir, as they have been undercut by recent high waters.

Johnson Lake was also giving nice walleye and catfishing, especially in the inlet.

In McCook 12-year-old Sammy Jones walked off with a prize most elders would envy in a 6¼ pound black bass from Huck Finn Pond.

6 AMERICANS LEFT IN MEET

Portrush, Northern Ireland (AP) — Determined British and Irish stars Tuesday whittled down the American challenge for the British Amateur golf championship to a mere 6 survivors. Nine Americans were eliminated.

But Uncle Sam's two big ones — stylish Tim Holland of Rockville Centre, N.Y., and veteran Bob Cochran of St. Louis—did more than stay alive.

They played brilliantly, shattering par in their second round triumphs. This kind of form — if maintained — could earn either the ancient title.

Holland, 29, routed T. B. C. Hoey of Ireland, 7 and 6. Cochran, 47, a long time midwestern star, edged John Lyons of England, 3 and 1 in a stirring match.

Hiram Snowden of Savannah, Ga., gained the 3rd round on two straight scratches.

—SAYS '51 WINNER WALLARD—

Starting Lineup Won't Mean Thing In '500'

Indianapolis (AP) — The starting lineup won't mean a thing after a lap or so if Monday's 44th running of the Memorial Day 500-mile race, says 1951 winner Lee Wallard.

The bustling little guy from Tampa, now retired from auto racing, generally is credited with changing the entire concept of driving the 500.

With the smallest car in the field, he raced everybody who challenged him anywhere on the two-and-a-half mile track — including the corners.

There had been a theory that the way to win has to figure what speed it would take and hold to it, ignoring everybody else. Nobody operates that way now.

Wallard sees about 3 separate races going on simultaneously early in Monday's noisy scramble.

"There'll be quite a scrap up front among Eddie Sachs, Jim Rathman, Rodger Ward, Dick Rathmann and Troy Ruttman," Willard predicts.

"Back in the middle, drivers like Jimmy Bryan, Johnny Thomson and Tony Bettenhausen are going to be fighting to improve their positions.

"And in the last 4 rows, men like Jim Hurtubise and Paul Goldsmith aren't going to be satisfied to see all that traffic in front of them."

Hurtubise is the sensational rookie from Lennox, Calif., who set new qualify records over 149 miles an hour on a track where nobody had reached 147 before this year.

Wallard expects the race to be run at tremendous speeds due to the combination of eager drivers.

Three Tests Due For Husker Star

Nebraska's Big 8 Conference 880 champion Joe Mullins will vie in the Meet of Champions at Houston, Tex. June 10 and at the NCAA championships in Berkeley, Calif. the next week.

Mullins will also bid for a spot on his native Canada's Olympic team in trials at Saskatoon late in June.

Nebraska Coach Frank Sevigne, a member of the NCAA track rules committee, will accompany the Cornhusker senior to Berkeley.

What's that 3rd pump doing at Conoco?

Answer: to provide you with the right gasoline power at the right price for your car! Which Conoco grade should you use? How can you tell? Conoco answers these and other 3-grade questions below.

Q. *Why is Conoco offering a choice of 3 grades of gasoline?*
A. To meet the power needs of today's wide range of cars. Only with 3 grades can you be sure of no wasted octane, no wasted money... paying only for power *your* car needs.

Q. *How can I tell which Conoco grade is for me?*
A. Listen to your car! Start with Premium. If it doesn't knock, you may be able to use Regular. If it does knock on Premium, step up to Super Premium.

Q. *What is this new Super Premium gasoline, anyway?*
A. It's Conoco's highest octane gasoline (101 plus!), especially made for today's top-horsepower, top-compression cars.

Q. *My car works fine on Premium. Why use Super Premium?*
A. Don't! If your engine doesn't knock on Premium, save your money! Fact is, Conoco's *new* Premium actually saves you money!

Now! Pick your power—and *save*—with 3 great grades of Conoco Gasoline. *Conoco Super Premium with TCP* plus* combines 101 plus octane with *TCP plus* power-booster. *Conoco Premium with TCP plus* saves you money compared with other premiums. *Conoco Regular* offers smooth performance, generous mileage, for all cars designed to run on regular.

Q. *Which of Conoco's gasolines have TCP plus?*
A. Both Conoco Super Premium and Conoco Premium. We don't put it in Conoco Regular, because low-compression cars don't really need TCP *plus* for efficient operation.

Q. *Just what is* TCP?
A. Tri-Cresyl-Phosphate . . . used to neutralize fouling spark plug deposits, improve spark plug life, reduce preignition.

Q. *What's the plus in* TCP *plus stand for?*
A. For Conoco 405†—a specially developed additive that oil-plates rings, valves and cylinders with a tough shield of lubricant.

Q. *My car used to run fine on Regular, but now needs Premium. Why?*
A. As cars get older, carbon deposits build up. This increases your engine's compression ratio and the need for a higher-octane fuel.

Q. *Will high-octane gasolines such as Super Premium and Premium burn out my valves quicker?*
A. Just the opposite! A knock-free engine actually runs cooler!

Q. *Are all Conoco stations in my neighborhood featuring 3 grades of gasoline?*
A. Not just yet. All 3 grades are available only at Conoco Stations displaying this sign.

Start to save today... the 3-grade way...

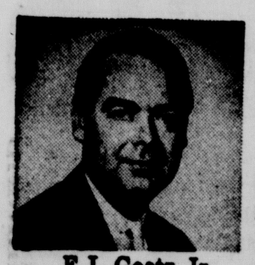
CERTIFIED

Straight Brewed

Since March 1, 1960—every bottle, can and keg of Goetz Beer is certified 100% Straight-Brewed

No blend about it! This is a *straight* beer that pours clear as a bell...lighter, brighter, more satisfying than has ever been possible with customary blending and mixing of brews.



F. L. Goetz, Jr.

For a long time we have sought to harmonize our original Goetz formula with today's ideal of light, crisp refreshment.

Now we've done exactly that! Now we can promise you a premium quality beer with a new easy-going lightness for modern tastes. It is the direct result of our conversion to 100% Straight-Brewing in January of this year. All these months, the brew has been quietly aging and mellowing in our great aging cellars.

Today, it's ready for you—the first Straight-Brewed Goetz Beer in history – clearly stamped and certified right on the label. This Straight-Brewing brings you the ultimate in lightness and clarity.

Because there is no *blending* of beers, you get exactly the same lively refreshment every single time. Never a trace of sweetness. No bitter after-taste. No "rough edges."

Certified Straight-Brewed Goetz is now without question the finest *light* beer available to you in this area. Compare it yourself. Measure it against the beer you thought was best. See how it pours –clear as a bell. Taste its new life and lilt. See how its crisp white collar rides the glass all the way down!

If you haven't tried new Straight-Brewed Goetz since March 1st, won't you pick up a 6-Pack on your way home some evening this week? Share it with your friends. Enjoy its new lighter, brighter taste. I'm convinced that once you make your own flavor comparison, you'll prefer Straight-Brewed Goetz to your present brand.

We honestly believe today's Goetz has everything you're looking for in a premium quality beer. But it's your opinion that counts. You taste it. You test it. You decide.

F. L. Goetz Jr.
President

Miller Says Big 8 Rules Limit Games

Dean Charles S. Miller, University of Nebraska Big 8 faculty representative, said Tuesday that conference rules state that football schedule should be limited to 10 games, exclusive of bowl competition.

He said the faculty representatives at a meeting in Ames, Ia., last weekend did not say they were going to permit more than one of the Big 8 schools to participate in post-season bowl games and that the question "hasn't been settled yet."

What was done, Miller added, directed at making it possible for a member of the conference to accept a bid to one of the newer bowls, such as the Liberty Bowl in Philadelphia, "and not just the old, established bowl games."

"We are interested in running education institutions and there is some relationship between running education endeavors and limiting extra-curricular activities," Miller said. "That is what we were talking about."

Venerable Archie In Action Tonight

... TV BOUT AGAINST BESMANOFF

Indianapolis (AP) — Archie Moore, the venerable king of the light heavyweights, will carry about 200 pounds and 2 to 1 favoritism against Germany's transplanted Willi Besmanoff in a 10-round non-title bout tonight.

Moore's manager, Jack (Doc) Kearns, says the 175-pound champion is "heavy, but not fat" for the heavyweight match, which will attract an estimated 8,000 into the State Fairgrounds Coliseum and produce a gross of about $60,000.

The bout is to be televised nationally (8 p.m., CST, ABC-TV) and will be scored under the 5-point system. Referee will be an import from neighboring Illinois, Frank Gilmer.

The rotund Moore claims he is not rusty, even though his last start was last Aug. 12, when he pole-axed Yvon Durelle in 3 of a title bout.

Besmanoff, 27, who also weighs close to 200, is a native of Munich, Germany, but now fights—in journeyman fashion—out of Milwaukee.

Some 16 or 18 years younger than Moore, Besmanoff dropped a 10-round split decision to Archie May 2, 1958.

That fight was part of the Kentucky Derby activity and, according to Kearns, Moore's chief preparation was merely taking off his hat and entering the ring.

To the undiscerning eye, Moore, who is at least between 43 and 46 years old, appeared equally nonchalant in preparing for this second meeting with Besmanoff. He also appeared paunch, compared with the trim Besmanoff.

But old Arch says: "Sure, I'm heavy, but I'm fighting a heavyweight. I know Besmanoff's a tough boy, so I'm not going in there out of shape. I'm ready, like I always am."

This figures to be a warm-up for Moore's scheduled lightheavy title defense against Erich Schoppner of Germany in July.

The fight is the kickoff of a big sports week in Indianapolis, to be climaxed with Monday's Memorial Day running of the Speedway 500-mile race.

JEAN HYLAND TOPS AT LCC

Mrs. Jean Hyland fired a gross 78 at the Lincoln Country Club Ladies Day Tuesday and she won the Womens Western Golf Assn., pin with a net 73.

Mrs. Hyland also won the best 9-holes event.

Other winners: Mrs. John Carey, second division and low sweepstakes net; Mrs. Lee Liggett, pitch-in contest and second low sweepstakes net.

40 Entries Sought For Links Meet

Lincoln's Junior Chamber of Commerce said Tuesday it's hoping for 40 entries in the junior golf tournament next week.

Committee Chairman Karl Wellensick said boys under 18 are eligible for the one-day 27-hole medal play meet.

The tournament's 4 winners will later represent the Capital City in the state Jaycee junior tournament in Columbus.

A quartet from the state trials will compete in the National Junior Golf Tournament at Waterloo, Ia. Aug. 13-20.

Wellensick indicated a clinic for participants will be staged June 4 at the Tee Driving Range by Lincoln golfing professionals.

"The boys have an opportunity to learn the spirit of competition and, with the clinic, every boy has a chance to pick up pointers," he said.

Patterson Elects Against Sparring

Newton, Conn. (AP)—Floyd Patterson loped 7 miles Tuesday while continuing preparations for his return bout with heavyweight champ Ingemar Johansson in the Polo Grounds June 20.

The former champion decided, however, against any boxing. Instead, he did calisthenics and shadow boxing and resume sparring today.

Patterson has already cut his weight to 192 pounds and says he's fearful that boxing every day will leave him stale for his attempt to regain the title he lost to the Swede via a 3rd-round knockout.

NATS SIGN VALO

Washington (AP) — Washington's Senators Tuesday picked up outfielder Elmer Valo as a free agent.

Valo, 39, was recently released by the Yankees. With the Nats he's expected to be used as a pinch-hitter and part-time outfielder.

Rain Stalls Tourney

Paris (AP)—Rain Tuesday forced postponement of scheduled matches at the French International Tennis Tournament.

Only 40% Corn Planted Due To Rains

Corn planting in Nebraska is running about 3 days behind its normal schedule, government crop observers reported Tuesday.

Heavy rains and wet field conditions slowed planting last week.

Somewhat less than 40% of corn acreage had been planted by last Saturday, in contrast to about 50% usually planted at this date, according to the weekly crop report of the State-Federal Division of Agricultural Statistics.

Planting of milo and soybeans also proceeded slowly. Only 5% of milo and one per cent of soybeans had been reseeded.

Some early planted corn is up. But heavy washing rains may require replanting of other corn and packed, crusted surface soil may hinder emergence.

On the wheat front, the crop lacks uniformity with prospects ranging from excellent to failure, the report said. Thin wheat fields are becoming weedy and some weed control spraying has been done. Well advanced early wheat is in the boot stage, ready to head, in southern counties. In general, late plantings are disappointing, and a severe hailstorm caused extensive local damage to wheat in a strip from Dundy County through Frontier in southwest Nebraska.

Other crop report observations:

Spring oats and barley have made slow progress because of cold weather, but soil moisture is adequate.

Thinning operations for sugar beets have begun in the North Platte Valley. Recent rains gave beets a boost and put ground in shape for dry bean planting.

Pastures, ranges and hay meadows have benefitted from recent rainfall but the stage of growth varies locally.

Rainfall during the week ending Monday included:

	East		
Grand Island	1.49	Norfolk	2.28
Lincoln	2.13	Omaha	2.17
	Central		
Burwell	2.66	Valentine	.84
North Platte	.47		
	West		
Chadron	.08	Scottsbluff	.31
Imperial	.37	Sidney	.70

Accumulated precipitation this growing season by districts from April 1 as compare to longtime averages includes:

Northwest—3.33 inches (1960); 3.59 inches (normal).
North Central—5.23; 3.89.
Northeast—7.74; 4.28.
Central—6.95; 4.00.
East Central—6.64; 4.52.
Southwest—3.56; 3.84.
South Central—6.69; 4.29.
Southeast—5.83; 4.98.

St. Joseph Firm Offers Low Red Willow County Dam Bid

McCook (UPI) — Bushman Construction Co., St. Joseph, Mo., was apparent low bidder on the Bureau of Reclamation's Red Willow County Dam near here.

The Bushman bid was $3,040,605.50, compared with the engineers' estimate of $3,525,407, Kenneth Poirier, assistant to the project manager for the bureau here, announced.

The contract is expected to be awarded within 20 to 30 days, Poirier said. The job must be completed within 600 days.

The dam will be built at the junction of Red Willow Creek and U.S. 83, about 10 miles northwest of McCook.

Besides providing flood control for the area, it will irrigate 4,200 acres of new land in the Red Willow unit and be the ultimate scource of half the water supply for the Bartley Canal system.

The project includes an earth-fill dam 3,150 feet long with a maximum height of 126 feet, with concrete spillway and 1.6 miles of access and service road.

Brother Vs. Brother

Rutland, Vt. (UPI) — Ralph Williams won the Vermont Class A chess championship by beating his brother, George.

New oil offers you what no motor oil ever could before!

New Trop-Artic* brings to the aid of your motor a revolutionary new lubricating formula that cleans, protects and preserves smooth performance under the most severe engine tests for automobile oils... actually gives your car a new life expectancy.

It's a tremendous forward step in automobile engine protection. New Trop-Artic Motor Oil can drastically *reduce* the harmful deposits and corrosive wear that rob you of your driving pleasure. Your car can run *better... smoother... quieter* ... with lower fuel costs ... fewer repairs. And piston ring wear is reduced as much as 35% compared to many leading oils.

PDA—Another Phillips "FIRST"

The secret of Trop-Artic's exceptional performance is a revolutionary super-cleaning element called PDA. Engineers say PDA is "the most effective motor oil additive ever developed to preserve smooth engine performance." In hundreds of thousands of miles of testing, typical car owners reported these important benefits from new Trop-Artic Motor Oil with PDA:

- **Less oil consumption**
- **Less engine knocking**
- **Less mis-firing**
- **More miles per gallon of gasoline**
- **Cleaner oil filters**

Change to new Trop-Artic Motor Oil at any Phillips *66* station, and see if you don't notice these same improvements in the performance of *your* car!

*A trademark

Enjoy the Sweetest Rhythm on the Road!

Fill up with new Flite-Fuel, perfectly matched to the rhythm of your motor. It's super powerful ... super *smooth!*

Butler Says Ike Camp Playing 'Footsie' With The Commies

New York (AP) — National Democratic Chairman Paul Butler, apparently stung by suggestions that his is a party of appeasement, Tuesday accused the Eisenhower administration of being too soft on Soviet Russia.

Butler contended the Republican administration was taken in by Soviet Premier Nikita Khrushchev, let its defenses down and tried to play "footsie with the Russians."

He claimed that in this respect the GOP went further than did the 2 previous Democratic national administrations of Roosevelt and Truman. The fallacy of the administration thinking, Butler added, was tragically exposed in the collapse of the Summit.

In trusting Khrushchev too far, Butler told a news conference at a Democratic convention arrangements meeting, the Eisenhower administration followed "too soft a policy toward Russia in the last two years."

He added that he was not accusing the Republican administration of appeasement, which he defined as a deliberate policy, but rather of an unwitting reliane on the Russian communists.

Republicans have used the word appeasement in criticizing Democratic demands for a thorough airing of circumstances surrounding the U2 spy plane crisis and the collapse of the Paris Summit.

Butler, in a news conference, urged a tougher policy toward Soviet Russia and added:

"We had too soft a policy toward Russia in the last two years."

Reporters asked if the national chairman favored a return to a policy of containing the Russians. Butler replied that he was not a foreign affairs expert and was not advocating a return to any particular policy.

Among those demanding a full discussion of the Summit collapse is Adlai E. Stevenson, twice the Democratic presidential standard bearer and still a possibility for a 3rd nomination.

NOTICE TO BIDDERS
CONSUMERS PUBLIC POWER DISTRICT
Contract E60-4

Sealed Proposals for furnishing material and labor for construction and erection of approximately 7 miles, 115KV Shielded Double Circuit Transmission Tie Lines from Consumers Public Power District Sheldon Plant Substation near Hallam, Nebraska, west to Nebraska Public Power System 115KV Transmission Lines in Lancaster County, Nebraska, will be received until 10:00 A.M. CST June 14, 1960, in the office of the Office Supervisor in the District's General Office, 1401 "O" Street, Lincoln, Nebraska.

All bids will be opened in the District's General Office, 1401 "O" Street, Lincoln, Nebraska, immediately following 10:00 A.M. CST June 14, 1960.

Bidding Forms with Plans, Specifications and Instructions to Bidders may be inspected at the office of G. W. Dierberger, Office Supervisor for the District at Lincoln, Nebraska, and may be procured therefrom by depositing the sum of $25.00 for a set of Contract Documents which constitute Bidding Forms, which sum will be returned upon return of said Plans and Specifications, in good condition, within ten (10) days after award of Contract or rejection of all bids. For interested parties not intending to bid, but who have an interest in supplying portions of the contract, one (1) copy of the contract documents will be available for a $3.00 non-refundable fee.

All proposals must be made in strict accordance with instructions in said bidding forms and on those forms. Failure to follow said instructions may warrant the District in disregarding such bids.

As more specifically set out in instructions in the Bidding Forms, all bids must be accompanied by a Certified Check, Bid Bond or agreement to apply Annual Bid Bond.

District will award the contract to the responsible Bidder (or Bidders, if proposal provides for acceptance of parts) submitting the lowest and best bid under provisions of law, or at its sole discretion may reject any or all bids.

By order of the Board of Directors of Consumers Public Power District.

By R. L. Schacht
General Manager

Computing Officials Offer Estimate On State Savings

Representatives of an electronic computing and office machine firm offered Tuesday to make an estimate of savings to Nebraska, in both money and manpower, of a centralized data processing system.

The two, Carl A. Linder of Omaha and Richard Cox of Lincoln, the Remington Rand Univac Division of the Sperry Rand Corporation, testified before the Legislative Council Committee on government reorganization.

The estimates would be made on the basis of a survey expected to last 3 to 6 months. The only obligation to the state would be the assurance of "fair consideration" along with competing firms.

Liebers Tried

Sen. Otto Liebers of Lincoln, chairman of the committee, said he has tried for two years to find out how much the state could save with such a system, or how much other states could save, but the figure has always been "elusive."

He noted the "political" aspect of an estimate that would show persons now doing the work manually could be cut off the payroll, and said there is a tendency for department heads to resist such cuts.

Lindner said the survey could tell how many persons could be eliminated, but it would be up to the department heads to do the eliminating, if any. He said in offices of some other states the employes have been put to work on other things and not eliminated at all.

The machine benefits are also in the form of improved services, which are difficult to estimate because of lack of any kind of comparison, he said.

Many Hearings

The committee has held many previous hearings on the feasibility of either expanding the state's present central accounting system to include all departments, or eliminating it.

It has been said that at the present level of operations, the system is more expensive for various departments, some of which prefer to have their own limited business machines for their own work. Other departments have refused to turn over any part of their work to central accounting.

Following the appearance of Linder and Cox, the committee went into executive session to work on recommendations for legislation to the 1961 Legislature.

The committee will hold one more meeting, during the first week in October, to consider further information before making its final recommendations.

Meyer Backs New Delegate Count Method

Deputy Attorney General Clarence Meyer Tuesday proposed a different method of counting votes for delegates to national political conventions which would speed up counting the regular ballot and provide "needed relief for counting boards."

Long lists of delegates to the Democratic and Republican national conventions have been blamed for the undue length of time necessary to process Nebraska's May primary vote.

The vote counting delay prompted GOP National Committeeman Don Ross to suggest that the parties should elect the delegates at their post-primary state conventions.

Meyer, Republican candidate for attorney general, said Tuesday that if Ross' proposal is not accepted, it might be well to consider printing the delegate candidates on separate, different colored ballots for each party.

Colors Suggested

The distinctive colors would make it easy for the counting boards to sort out these ballots on election day which could then be sealed and sent to the county clerks and election commissioners.

"The ballots then could either be tabulated by the counting boards for absentee and disabled ballots, or each party could name responsible volunteers acceptable to the county clerk or election commissioner to count the delegate vote," Meyer suggested.

"After all," he continued, "the state is now only lending its election machinery to the parties to help them select the delegates to the conventions."

He also noted there "isn't the usual feeling of urgency on the election of delegates" such as that accompanying the election of officeholders.

Reds Fire On Matsus

Taipei, Formosa (AP) — The Chinese communists fired 16 shells at the Matsu islands Tuesday in one of their rare actions against that Archipelago, 150 miles north of the better known Quemoys. The Chinese Nationalist Defense Ministry, in announcing the action, did not say whether Nationalist gunners replied.

Don't Take It for Granted!

—Embezzlement Trial—

Jury Selection For Bishop Completed

25 More Individuals Called After Original Panel Of 44 Exhausted

Bartlett (AP)—A jury was selected Tuesday to try Clifford Bishop, former president of the defunct Bartlett State Bank, on charges of false entry and embezzlement.

In its opening statement the prosecution contended:

—Bishop issued a forged note and chattel mortgage in the name of C. O. Knoell of Jan. 15, 1959.

—The same day Bishop made a false entry to the account of Wilford D. and Evelyn Arehart for $6,750, the amount of the Knoell note.

—On March 20, 1959, Bishop issued a personal check for $7,864.25 to Evelyn Arehart and charged this to the account of James Fitzsimmons.

The bank of which Bishop was president closed in the spring of 1959 after an audit showed alleged shortages amounting to more than $170,000.

Selection of the trial jury began Monday and was not completed until 11 a.m. Tuesday. The original panel of 44 prospective jurors was exhausted and 25 more had to be called.

Howard Sobs On Stand At Murder Trial

Omaha (AP)—One of two murder defendants sobbed on the witness stand Tuesday and denied prosecution testimony linking him with the killing of Edward Floyd Ellis.

The defendant, Milton Howard, was the first witness for the defense.

Also charged with first degree murder in the same slaying is Jerry Erving.

Howard testified Narcotics Agent Lee W. Cox threatened him with the electric chair and offered him a second-degree murder plea if he would "tell a certain story."

He said Cox wanted him to say he had made the remark he would "pay a thousand dollars to get out of this narcotic rap," and that the killers misunderstood this as an offer for the killing of Ellis.

Howard admitted paying $250 to Don Williams on Dec. 27, the day after the slaying, but said the money was for an unmounted diamond he had bought his wife for Christmas.

Williams has admitted the slaying of Dorothy Elliott, whose body was found with that of Ellis.

Cornerstone For Cass Museum To Be Laid Sunday

Plattsmouth (UPI) — Cornerstone laying ceremonies for the Cass County Historical Society Museum will take place here Sunday.

Laying the stone will be Dr. John Gilmore, Santa Monica, Calif., and Mrs. Virgil Perry, president of the society.

Gilmore's father was instrumental in organizing the society 24 years ago. The $16,000 museum will be built entirely from contributions.

Nebraska News

John D. Epp, 66, Henderson, Dies

Henderson — John D. Epp, 66, Henderson farmer and a former instructor at the University of Nebraska, died unexpectedly at his home here.

He held a master's degree from the University of Nebraska and a bachelor of divinity degree from Northwestern University. He was in administrative work during his service at the University of Nebraska. For the past 15 years he had been farming near Henderson.

Surviving are his wife, Mary Ann; sons, Dr. M. J. Epp of Lincoln and M. G. Epp of Henderson; two grandchildren, one brother, Henry D. of Henderson; and sisters, Mrs. John K. Friesen of Henderson, Mrs. Helen Mierau of Fresno, Calif., and Miss Elizabeth Epp of Lincoln.

Fairbury Man Dies At Track

Omaha (AP) — Glenn H. Barnes, about 71, a retired Fairbury, Neb., man, collapsed and died of a heart attack shortly after the opening of Tuesday's racing program at Ak-Sar-Ben track.

An Ak-Sar-Ben spokesman said Barnes apparently had come to the races alone. He apparently died outright, as he was dead before he could be taken to the first aid station.

Acquaintances said he had suffered heart attacks previously.

They said he did not have any immediate family.

Wide Interest In Increased Beet Acreage–Curtis

Omaha (AP) — Sen. Carl T. Curtis (R-Neb) said Tuesday a spot check shows a wide interest for increased sugar beet acreage in Nebraska.

Sen. Curtis has authored 3 amendments to the sugar act, which expires at the end of this year, with view to providing larger quotas for Nebraska growers.

"The sugar act is a good law," Sen. Curtis said in a statement forwarded from his Washington office. "I do not want it to expire. The basic method of its operation has been successful and should not be changed. Our population is rapidly growing and it is increasing our sugar consumption. This additional sugar should be produced domestically."

Curtis said only 51% of the 8.6 million tons consumed by the U.S. each year is produced within the U.S., including Hawaii, Puerto Rico and the Virgin Islands.

Norton Returning To Chadron For Commencement

Chadron — Paul A. Norton, vice president of the New York Life Insurance Co., will address commencement exercises Friday at Chadron State Teachers College.

Norton

Norton was graduated magna cum laude in 1935 from the state teachers college, where he was named to several honorary scholastic fraternities and received the Hon. Harry B. Coffee annual debating award.

While still a student at Chadron, he became an agent for the New York company in 1933. After obtaining a master's degree from Harvard Graduated School of Business Administration in 1937, he moved to Iowa and became assistant manager of the company's Cedar Rapids office.

East-West Rivalry Harming State's Parks, Tourist Trade

. . . Claims Omaha Senator During NW Tour

Chadron—"We've got to put an end to this East-West rivalry in Nebraska if we are going to get all the money needed for state parks and tourist promotion," declared Sen. William Moulton of Omaha during the bi-annual visit of the Legislative Council's interim committee on outdoor recreation to northwest Nebraska.

Sen. George Syas of Omaha, chairman of the committee, said an effort will be made in the next session of the Unicameral to increase the parks appropriation to one-fourth mill—or double the amount voted in the 1959 session.

The one-eighth mill appropriated for the present biennium brought Chadron State Park a much-delayed building program of $116,000 and will help the Cowles Lake recreation area near Omaha get started.

But Syas and other senators reported that some of the extra money also will have to be spent to clean up recent flood damage at Niobrara State Park, Ponca and Fremont.

"We need more money," Syas declared, "to do this job right. And we need more help from the Western area where many of our best recreation spots are located."

Both Syas and Moulton pointed out that the 1959 appropriation was cut in half by an amendment introduced by Sen. Terry Carpenter of Scottsbluff. They said all 7 Omaha senators voted for the higher levy but that several other western senators joined opposition that led to the Carpenter amendment.

Sen. Moulton said "a lot of things could be accomplished" if representatives of the Omaha Chamber of Commerce and the Western Nebraska United Chambers of Commerce could hold a joint meeting about halfway across the state.

Woman Injured In Cistern Fall

Humboldt (AP)—Mrs. Wade Dorland, 58, is recovering in the hospital here from injuries received when she fell down an abandoned cistern at her home.

When she was going out to empty refuse into a container near the old cistern, Mrs. Dorland stepped onto the cistern's wooden cover. It broke beneath her weight and she fell into the 12-foot hole.

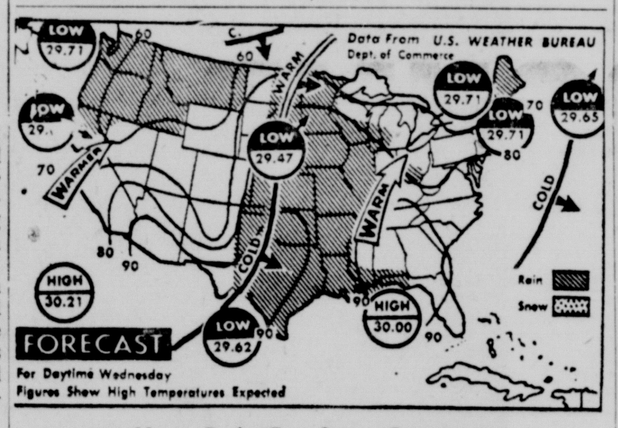
Dorland and Carl Twist descended into the cistern to put a rope harness around Mrs. Dorland, who was knocked unconscious by the fall. Members of the Humboldt Volunteer Fire Department removed her from the cistern.

$7,300 Worth Of Bonds Uncovered In Hotel Ruins

Omaha (AP) — Workmen tearing down the ruins of the St. James Hotel, where 8 persons lost their lives in a Feb. 23 fire, have found more than $7,300 worth of bonds.

The latest find amounted to $2,500 in postal and savings certificates. They were in a room rented by William Gordon, 84, who died in the blaze.

Last Friday $4,850 worth of war bonds were found in the room of another victim, Andy Vorpat, 77.



More Rain For State Forecast

Rain activity is due Wednesday over New England, northern California, area from Pacific Northwest to northern Rockies, Florida, eastern Plains, Mississippi Valley and many parts of the Ohio Valley and Gulf Coast. It should be warmer over California and Nevada and the area from the Lakes area and Ohio Valley to the mid-Atlantic states. **(AP Wirephoto Map)**

NEW WORLDS UNFOLD . . .

Probably you think you take conscientious care of your baby. But watch a teenage boy with his own car. By comparison, your child is practically neglected. He washes and polishes that car 'til the finish rivals the latest model in a showroom. He listens with a musician's concentration to the slightest sound of the motor. He tinkers and tunes and tightens . . . and then begins all over again. It's his pride and joy, and he willingly sacrifices every nickel and most of his time to it. Be glad he does. He's learning a sense of responsibility that no amount of parental advice could instill. He's learning to respect hard work and to enjoy the justified pride of a job well done. A car of his own opens a whole new world to a boy and it's a wonderful world, the best thing you can do for him is tell him about the wide choice of fine, worthwhile used car buys to be found every day in the Want Ads. That's where he'll find the car worthy of his devotion.

Space Stocks Make Strides

New York (AP) — Space age defense stocks made strides again Tuesday in a mixed market. Trading was active.

Demand spilled over into other widely moving issues. Gains of several points were made by the favorites.

The sharp drop in the steel industry operating rate, however, was depressing to steel shares. Motors were narrowly mixed. Oils were mostly lower.

The Dow Jones industrial average fell 2.27 to 621.39.

The Associated Press average of 60 stocks dropped .20 to 216.00 with the industrials down .50, the rails down .40 and the utilities up .20.

Volume increased to 3,240,000 shares from 2,530,000 Tuesday.

Of 1,210 issues traded, 491 advanced and 496 declined. New highs for the year totaled 48 and new lows 34.

Ten of the 15 most active stocks advanced, four declined and one was unchanged. Studebaker-Packard.

American Stock Exchange prices were irregularly higher. Volume was 1,210,000 shares compared with 1,390,000 Monday.

Corporate bonds were mixed in moderate trading.

U.S. government bonds declined. Dealings were light.

Bond trading mounted to $5,230,000 par value on the big board from $4,500,000 Monday.

Markets At A Glance

New York (AP)—

Stocks—Mixed; some electronics advance.

Bonds — Lower; governments decline.

Cotton — Irregular; commission house selling.

Chicago:

Wheat — Lower; general selling.

Corn — Lower; new crop months weak.

Oats — Narrowly mixed; light trade.

Soybeans — Lower; liquidation.

Hogs — Mostly steady; top $17.50.

Cattle — Slaughter steers steady to strong; top $30.

Fat Cattle Steady; Butchers Advance

Omaha (AP) — Fat cattle prices were steady Tuesday. Choice light butcher hogs advanced 25 to 50 cents while spring lambs slumped $1 to $1.50.

OMAHA

Hogs: salable Tuesday 7,500; barrows and gilts under 300 lbs strong to 25 higher; extremes 50 up; heavier weights steady to strong; sows steady to 25 higher: No. 1 and 2 229 lbs 17.25; No 1 and No 1 and 2 200-230 lbs 16.85-17.00; No 1-3 190-250 lbs 16.00-16.75; 313 lbs sows 15.10; 300-550 lbs 13.00-15.00.

Cattle: salable 8,500; calves 50; steers fully steady; heifers fully steady to strong; cows steady; bulls barely steady; vealers steady; choice with few prime 1,200 lbs steers 27.50; choice 1,200 lbs 26.35; most choice 25.50-26.25; good and low choice 23.00-25.50; choice heifers 25.50-26.25; good and low choice 22.25-25.25; utility cows 16.00-17.50; high utility and commercial 17.75-18.25; canners and cutters 13.50-15.75.

Sheep: salable 3,000; spring lambs 1.00 lower; ewes about steady; choice and prime 85-100 lbs spring lambs 22.50-23.50; choice to prime 109 lbs old crop shorn No 1 and 2 pelts about steady at 21.50; cull to choice shorn slaughter ewes 4.00-6.50.

CHICAGO

Demand for butcher hogs was slow Tuesday but the supply of 7,500 head was a little smaller than on recent Tuesday's and prices were mostly steady.

The top of $17.50 was paid a bit more freely, however, with about 300 head bringing that price. Sorted lots of 190-225 lb. mixed No. 1 and 2 grades moved at $17.25 and up while weights up to 240 lbs. of all mixed grades were $16.25-17.25. Heavier weights were $15 and up. Sows topped at $14.50.

Slaughter steer prices were steady at $29-30 for mixed high choice and prime kinds in the 1,100-1,250 lb. range. Average choice to high choice sold up to $26.75, mixed good and choice up to $25.75 and strictly good at $22.50-25.25.

Heifers were steady to 25 cents higher, vealers and bulls steady. Heifers were $22-27 for good to high choice, vealers $32 down and bulls $19.50-21.50.

Good to prime spring slaughter lambs brought $24-26 on an active sheep market. Old crop lambs sold up to $22.50, ewes up to $7.

Hogs: 7,500; butchers mostly steady; U.S. No. 1-2-3 190-240 lb 16.25-17.50; No. 2-3 240-260 lb 15.75-16.50; 280-280 lb 15.50-16.25; 280-325 lb 15.00-15.75.

Cattle: 3,500, calves 100; steers steady to strong; heifers steady to 25 higher; bulls and vealers steady; few loads choice and prime steers 29.00-30.00; average to high choice 26.00-28.75; mixed good and choice 25.50-25.75; good 22.50-25.25; load high choice heifers 27.00; good to high choice 22.00-26.75; bulls 19.50-21.50; good and choice vealers 27.00-32.00.

Sheep: 1,000; shorn slaughter lambs strong; choice and prime 21.75-22.50; few good and choice 19.50-21.00; choice and prime spring lambs 25.00-26.00; good 24.00-24.50.

KANSAS CITY

Hogs: 3,600; barrows and gilts mostly 25 higher; sows steady; U.S. No. 1-3 190-240 lbs. 16.25-16.75; 33 head U.S. No. 1 and 2 220 lbs. 16.85; 11 head U.S. No. 1 17.00; U.S. No. 2 and 3 240-270 lbs. 15.75-16.25; sows 330-400 lbs. 13.50-14.00; 400-550 lbs. 12.50-13.50.

Cattle: 4,300; calves 100; steers and heifers mostly steady; cows steady; choice 1,000-1,250 lbs. steers 25.00-26.50; good 22.50-24.75; 1 load average choice 1,050 lbs. mixed yearlings 27.00; small lot choice 25.50-26.50; choice heifers 24.75-26.00; good and choice 24.25-24.50; good 22.00-24.25; utility and commercial cows 15.50-17.50; canners and cutters 13.00-16.00.

Sheep: 1,500; spring slaughter lambs 50-1.00 lower; old crop slaughter lambs about steady; choice and prime 85-100 lbs. spring slaughter lambs 23.50-24.00; choice 22.50-23.50; cull to good shorn slaughter ewes 3.00-5.00.

SIOUX CITY

Hogs: 5,100; barrows and gilts mostly 25 higher; sows fully 25 higher, some 50 higher: U.S. No. 1 and 2 200-230 lbs. 16.60-16.75; U.S. No. 1-3 190-250 lbs. 16.00-16.35; U.S. No. 2 and 3 240-270 lbs. 15.75-16.25; sows 330-400 lbs. 14.00-14.75; 400-550 lbs. 12.75-14.00.

Cattle, 4,000; calves none; slaughter steers fully steady to 25 higher; instances 50 higher; heifers fully steady to strong, some 25 higher; cows steady; load high choice around 1,200 lbs. 26.75; choice 25.50-26.50; high good and low choice 24.75-25.25; good 22.75-24.75; choice slaughter heifers 25.25-26.00; high good and low choice 24.50-25.00; good 22.25-24.50; utility and commercial cows 16.25-18.00; canners and cutters 14.00-16.25.

Sheep: 1,000; spring slaughter lambs steady; old crop lambs mostly steady; slaughter ewes unchanged; load mixed choice and prime around 100 lbs. No. 1 pelts shorn old crop lambs 21.50; good and choice native spring lambs 23.50-25.00; cull to good slaughter ewes 3.50-6.00.

ST. JOSEPH

Hogs: 6,000; barrows and gilts steady to strong; instances 25 higher; sows steady; 50 head U.S. No. 1 210-230 lbs. 17.00; U.S. No. 1 and 2 195-230 lbs. 16.50-16.75; U.S. No. 1-3 190-240 lbs. 16.00-16.25; U.S. No. 2 and 3 240-270 lbs. 15.25-16.00; sows 270-400 lbs. 13.75-14.50; 400-600 lbs. 13.00-13.75.

Cattle: 4,500; calves 100; steers and heifers unevenly steady to 25 lower; extremes 50 lower; cows mostly steady; several lots high choice to prime 1,000-1,150 lbs. 27.00-27.75; high good and choice fed steers 25.00-26.50; good steers 22.50-25.00; choice mixed yearlings 26.00-26.50; part load high choice around 875 lbs. 27.00; high choice 950 lbs. heifers 26.75; high good and low choice 24.25-26.25; good heifers 22.00-24.00; utility and commercial cows 16.00-18.00; canners and cutters 13.00-16.25.

Bodyguard Indicted

Seoul (AP)—Former President Syngman Rhee's chief bodyguard, Kwak Yung-joo, was indicted on charges of abusing his power and of evading taxes. Kwak was arrested earlier this month and accused of ordering the release of 8 hoodlums who attacked student demonstrators April 18. He was also charged with evading 100 million hwan ($154,000) of business and income taxes from a prosperous hotel he runs.

Jail Destroyed

Santiago, Chile (AP)—Earthquakes have destroyed the town jail at Yungay, Nuble province, where 90% of the houses were demolisned. The 200 prisoners living in the open have promised the mayor they won't escape.

Something New

Tokyo (AP) — Peiping Radio reports radiophoto service started May 16 between Red China and Sofia, Bulgaria.

NOTICE TO BIDDERS

Sealed proposals will be received in the office of the Facilities Engineer, Military department, State of Nebraska, 1111 Military Road, Army National Guard Center, Lincoln, Nebraska, until 2:00 PM, CST, June 8, 1960, for construction of Sanitary Sewer #2272, along Center Street, between 67th and 75th Streets, Omaha, Nebraska. Said proposals shall be in strict accordance with the plans, specifications, and bidding documents as prepared by the Leo A. Daly Co., Architects-Engineers, Omaha, Nebraska, dated 18 April 1960, and approved by the City Sewer Engineer and State Department of Health.

The Contract Documents, including drawings and specifications, are on file and may be inspected at the office of the Facilities Engineer, 1111 Military Road, Lincoln, Nebraska, and the office of the Leo A. Daly Company, 3600 Indian Hills, Drive, Omaha, Nebraska.

Contract Documents, including plans and specifications, may be obtained after May 24, 1960, at the offices of the eLo A. Daly Co., Architects-Engineers, Omaha, Nebraska, by depositing $10.00 which will be returned upon receipt, in good condition, of said documents, plans, and specifications within ten (10) days after award of Contract or rejection of all bids.

Bids will be submitted in triplicate in sealed envelopes marked in the upper left-hand corner "Bid under Serial No. DA-25-082-NG-1318W, to be opened 2:00 PM, CST, 8 June 1960. Each bid shall be accompanied by a bid bond or certified check in the amount of five (5) percent of that bid.

The successful Contractor will be required to furnish in triplicate a performance and payment bond in a sum equal to fifty (50) percent of the contract price.

The Military Department, State of Nebraska, reserves the right to reject any or all bids and to waive any informalities in any proposal, as best suits the interests of the Military Department, State of Nebraska.

All bids will be publicly opened and read aloud immediately after 2:00 PM, CST, June 8, 1960, at the Nebraska National Guard Armory, Room 214, 1776 North 10th Street, Lincoln, Nebraska.

CLEAN
STATION WAGONS

1960 Ford $2595

This fordor is eight cylinder and has the highest priced Cruisomatic transmission. Its been driven just a few miles, spare tire is still brand new, just like the whole car.

1959 Chevrolet $2595

Kingswood Nine passenger (the best 3 seater Chevrolet makes). Economical V-8 with powerglide, radio and heater. This wagon smells and looks like brand new but it does have 11,704 miles by owner who bought it new in downtown Lincoln and lives here. Spare tire is still brand new—just like the entire car. New price about $3600.

1958 Plymouth $1395

Light blue is this 6 passenger with powerflite transmission and V-8 engine. Interior is pretty darn nice and exterior is pretty darn nice and the whole car is pretty darn nice.

1958 Ford $1795

Country Sedan (the better 4 door series). Mrs. Mercer had driven, is now for sale with heat, music, power, show and condition. We have kiddies (nice ones) but no dogs. Come try it.

1957 Ford $1595

Black as night, solid and mirror like finish with red and white interior. Pretty picture? It certainly is on this V-8 Country Sedan with all the good extras. Previous owner always drove by compass so he only drove places he wanted to go.

1956 Ford $1295

This wagon is like a bicycle, it has two pedals but it is unlike a bicycle since it has seating for six. It isn't two toned, but it is shiny black and mechanically true blue. Comb your hair looking at the finish then take it for a drive. You'll like. -25c

Rocketed Sodium Flare 150 Miles Up Intrigues Cameramen

By Vern Haugland

Washington (AP) — A rocket-riding, 10-pound package of sodium burst into flame high above the Atlantic coastline Tuesday night and blossomed into a long, ropelike orange and yellow cloud visible for hundreds of miles.

Cameras as far apart as Andrews Air Force Base, Md. and North Carolina trained on the cloud to record wind velocity, wind direction and dispersion rates 150 miles above the earth.

The sodium-cloud rocket was launched by the National Aeronautics and Space Administration from its Wallops Island, Va., research station at 7:48 p.m. EST.

Watchers across the street from the White House in Washington had a grandstand seat at the sky show, which began with the movement of a bright light upward into the twilight sky.

Shortly after the bright Nike-Asp rocket itself became visible, in the fading sunlight far above the earth, the sodium and thermite combination joined to produce the sodium vapor.

It was visible at first as a long thin bright exhaust trail marking the rocket's upward course.

As the rocket climbed the sodium trail thickened and darkened to form a sinous, purplish cloud trail.

The lower parts of the vapor trail twisted and spiraled in the grip of apparently high winds. At greater altitudes, however, the cloud remained relatively firm, indicating light winds higher up.

NASA said the vapor trail began at an altitude of about 50 miles and extended up to about 125 miles.

The launch was the second in a planned series of 3. The first attempt, before dawn Tuesday morning, was unsuccessful because the second stage of the two-state rocket failed to burn properly.

The trail was photographed by cameras using special filters at Camp A. P. Hill, Bowling Green, Va., Dover Air Force Base, Del., and the Fleet Air Defense Training enter at Damneck, Va., as well as at Andrews and Wallops.

NOTICE TO TRUCK DEALERS

Sealed proposals will be received by the Sanitary District Number One of Lancaster County, Nebraska at the office of the Board of Trustees, 1020 Federal Securities Building, Lincoln 8, Nebraska, until 9:30 A.M. Central Standard Time on June 3, 1960, for furnishing one (1) new 1960 one-half (½) ton 6 cylinder pickup Truck, at which time and place all proposals will be publicly opened and read.

The truck shall be equipped with heater, defroster, turn signals and a spare wheel with tire and tube. Each bidder shall file with his bid complete specifications for the unit to be supplied which pertain only to the model offered, complete with price f.o.b. Lincoln, Nebraska.

The bid will be subject to a trade-in of one (1) 1953 6 cylinder one-half (½) ton Chevrolet Pickup Truck, now owned by the District. Model number H53K, Motor number LBA 240 023.

Bidder shall name the delivery time required.

The right is reserved by the Sanitary District No. One of Lancaster County, Nebraska to reject any or all bids and to waive informalities. No bidder may withdraw his bid for a period of 25 days after the time set for receipt of bids.

Values On 9 Properties Are Sliced

The County Board of Equalization reduced valuations on 9 properties Tuesday but refused to change valuations on 4 others.

During the first two days of hearings the board now has acted on 27 cases, granting reductions in 21 cases and declining to change valuations on the other 6.

The board as yet has not acted on protests of some downtown business property owners that their buildings are valued too high. The deadline for filing valuation protests was May 10 and the board must act on them by May 30.

Cases acted on Tuesday with owners' names, approximate location of property involved, its assessed valuation and amount of reduction in assessed valuation, if any:

Sweeney-Burke Co., 26th and J, $2,440, reduced $1,125.

John Lessenhop, West Oak precinct, $10,040, reduced $275.

Joseph J. Cariotto, Oak precinct, $15,530, reduced $200.

Alfred Bratt estate, Little Salt precinct, $13,100, no change.

George Burgert, Panama precinct, $6,170, reduced $100.

Samuel C. Huffman, Stockton precinct, $13,625, reduced $200.

H. L. Wikoff, 2965 P, $3,485, reduced $200.

Herbert H. Hedke, 801 So. 32nd, $2,705, reduced $150.

Lloyd A. Henricks, 310 So. 15th, $6,810, no change.

Lloyd A. Henricks, 320-22 So. 15th, $6,055, no change.

Everett A. Maahs, Stevens Creek precinct, $10,530, reduced $100.

Pearl E. Seaton, 3175 Woodsdale, $6,925, no change.

Roy Karnopp, Stockton precinct, $7,455, reduced $360.

It's Too Crowded

Lons-Le-Saulnier, France (AP)—School girls here are forbidden to wear bouffant (billowing) skirts to class. The head mistress ruled there's not enough room for them on crowded benches.

FALSE TEETH
With Little Worry
Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEETH at drug counters everywhere.

Child Book Author Clara Judson Dies

Chicago (UPI)—One of the country's best-known authors of books for children, Mrs. Clara Ingram Judson, 81, died at her suburban Evanston home.

She wrote 83 books for children, the most famous of them biographies of great Americans. Her most recently published book was entitled "Christopher Columbus."

Dr. Hardin Goes Before Ag Committee

Washington (AP) — Dr. Clifford M. Hardin, chancellor of the University of Nebraska, headed the group testifying before the House Agricultural Committee Tuesday.

Dr. Hardin said larger federal grants are needed because of increased enrollment.

Six college officials also urged passage of a bill to increase the federal contribution of teaching in land grant colleges from $5,051,000 to $14,500,000 annually.

Elvis J. Stahr Jr., president of West Virginia University, said the proposed increase would result in government paying the same percentage share of the cost of teaching as it did 25 years ago.

William E. Morgan, president of Colorado State University, told of how some of the land grant colleges actually served as regional institutions in some fields.

He said Colorado State has one of the three colleges of veterinary medicine found in the 11 western states, one of the three colleges of forestry, one of the two training programs in occupational therapy and the only comprehensive graduate program in fluid mechanics.

Of 6,000 students, he said 27 per cent come from out of Colorado.

Albin O. Kuhn, executive vice president, University of Maryland, said that in 1935 the university received 17 per cent of its total teaching budget from these federal funds, while last year it received only 1.4 per cent.

Vice President Louis Purdue of Virginia Polytechnic Institute and James Corley of the University of California also spoke briefly in faver of the proposed increase.

Cowden Will Discuss Ag Hall Of Fame

Howard A. Cowden, president of the Consumers Cooperative Assn. of Kansas City, Mo., and of the board of governors of the Agricultural Hall of Fame, will discuss the Hall of Fame at the Friday noon meeting of the Lincoln Kiwanis Club.

According to C. M. Pierson Lincoln Kiwanis President, Cowden's appearance coincides with the Agricultural Hall of Fame drive in Nebraska. Forty-four members of the Kansas City, Kan. Kiwanis Club will be present at the meeting.

Leaders from agriculture, business and industry under the direction of the executive committee of the Agricultural Hall of Fame are conducting a nation-wide campaign for a $5,000,000 hall to be located on a 409-acre site about 12 miles west of Kansas City, Kan.

The Hall of Fame will honor the immortals of agriculture. There will be displays depicting tillage of the soil, crop improvement through scientific research, plant and animal breeding, mechanization of farm processes, a farm and home museum, an historical agricultural library, an educational unit designed to acquaint children with agriculture, an Indian village, early American farm village, auditorium and conference rooms, outdoor amphitheater and an international shrine to honor farmers throughout the world.
